

SCORES SAVED FROM DEATH IN HOTEL FIRE

BY ASSOCIATED PRESS
LEASER WIRE TO TRIBUNE
LOS ANGELES, March 15.—Nearly a thousand persons were driven into the streets early today by fire which destroyed the four-story annex of the Hotel Rosslyn, badly damaged a six-story annex, destroyed or damaged eleven stores and threatened for a time to attack the new Hotel Rosslyn, a million-dollar ten-story building. The damage was estimated at about \$100,000.

Y. K. Lee, a Korean, jumped from a third-story window in the presence of hundreds and was hurt, probably seriously.

Scores of women and children were carried down fire escapes and fire ladders, and altogether more than a hundred escaped by outside emergency means.

A large proportion ran into the streets in their night clothing, where they suffered in a stinging cold wind they could be induced to enter the new Rosslyn Hotel lobby, which became a huge dressing room where the conventions were forgotten temporarily.

The new building was filled with dense smoke which made search of the rooms slow and difficult. Fire was kept from this part and it was practically undamaged. Flames swept up the wall of the new structures from the burning annex and curled onto the roof until lines of hose were brought up on the higher roof and

GERTRUDE DOLAN, WHO WILL APPEAR AT THE ORPHEUM NEXT WEEK, AND WILL AID IN THE TRIBUNE-CHEVROLET DRAWING AT THAT TIME.

streams of water played upon the annexes. The six-story hotel was added later.

TRIBUNE OFFERS MAGNIFICENT GIFTS

First of \$10,000 Worth of Chevrolet Cars to Be Given Away.

Well! Well! Well! Anybody would think the entire town—men, women and children—had given up their ordinary business to the job of clipping Tribune-Chevrolet shares.

Two men in the Orpheum box office are kept busy all day long attending to these "shares" and registering them as they come rolling in.

Everybody now understands thoroughly that all they have to do is to cut the coupons from The TRIBUNE every day, then ship over to the Orpheum box office and receive official numbered Tribune-Chevrolet "shares" for them.

The folks quickly deposit these numbered "shares" in the Orpheum's strong box in the lobby. There the "shares" will rest securely until next Monday night, when a committee of prominent business men will supervise the allotment of the superb Chevrolet car to the winning "share" of stock.

The whole town seems to have risen to this magnificent big proposal. The TRIBUNE is making to have everybody in Oakland a "share" holder in the Chevrolet automobile factory.

It seems to be recognized as one of those big, broad things done on a big scale, typical of the spirit and of the spirit of the day.

The idea of passing out a brand-new Chevrolet car every Monday night, week after week, and so making it possible for everybody to be a Chevrolet owner at the Tribune-Chevrolet expense, strikes everybody as being just what the town likes—something done on a big scale, in a big way, by people who are "man size."

CASHING THE "SHARES."
What a sight it will be at the Orpheum next Monday night when the vaudeville temple is packed to the guards with people every one of whom has one or more Tribune-Chevrolet "shares" in his pocket, waiting for the magic word from the stage that will tell the fortunate man or woman that he or she is the proud possessor of a big five-passenger car fresh from the Chevrolet factory.

General Manager Durant of the Chevrolet works telephoned to The TRIBUNE a few hours ago that his going to send down a fleet of ten Chevrolet cars to parade through the streets of Oakland on Saturday afternoon, just to give the folks downtown an idea of what beautiful machines his establishment turns out.

Watch for the parade.
It will be something unique.
There will be a "jazz" band with it and it will be well worth seeing.

They turn out these Chevrolet cars out at the factory at the rate of almost 100 every day. They are snatched up greedily by the country agents in Pacific Coast states, where the Chevrolet car is the Chinese is far greater than can be supplied. It is, indeed, so great that the Chevrolet Company, out on the edge of Oakland, is building a big new addition to its already extensive plant.

"SPEED" MARTIN TO HELP.
The Chevrolet employees are going to be present in a bunch next Monday night at the Orpheum, and with them will be "Speed" Martin, the famous baseball player, who will be upon the Orpheum stage among the committee that is going to supervise the drawing that night.

Among the group on the stage will be Miss Flora Campbell, one of the beautiful Orpheum stars, who will have a hand in the proceedings on that occasion.

Be there yourself next Monday night. Remember that you must be in the theater with your Tribune-Chevrolet "shares" to win the Chevrolet car.

When the winning number is announced it must be in the possession of some person in the audience. Otherwise another number will be drawn until a person in the audience rises and gives proof that he or she is the possessor of the fortunate "share."

A tip to the wise—reserve your seat now at the Orpheum for next Monday night.

PUBLIC HEARING ON RECLAMATION

Dissolution Election Opposed by Colonel Irish and Head of Board.

BY ASSOCIATED PRESS
LEASER WIRE TO TRIBUNE
SACRAMENTO, Cal., March 15.—The Chandler bill to call an election over continuance of the Sacramento and San Joaquin drainage district, about which revolves one of the hardest fought controversies of the present legislative session, was debated at a joint public hearing last night.

The Sacramento and San Joaquin drainage district was created in 1913 and with its formation was evolved a vast project of reclamation and flood control to be carried forward by the state reclamation board.

According to Edward E. Treadwell, an attorney for Miller and Lux, who spoke for the Chandler bill last night, the project contemplates an ultimate expenditure of \$157,000,000. According to John P. Irish, one of the speakers opposed to the bill, the project involves spending \$33,000,000. It seeks the protection of portions of four counties from flood.

The project, which involves flood control and reclamation, is further complicated by the federal and state joint plans for controlling floods, rectifying the Sacramento river channel for navigation.

The Chandler bill proposes that the election be held during November, 1917, in the Sacramento and San Joaquin drainage district, at which landholders shall vote in proportion to their acreage.

Opponents of the district claim that Sacramento and San Joaquin valleys have different problems; that the scheme of assessment on the grand project involves unjust taxation and that separate reclamation districts are better fitted to carry on the work.

Friends of the district, who oppose the Chandler bill, claim that the district dissolution would mean abandonment of reclamation plans and repudiation of the state's contract with congress and with private land owners.

In support of his proposed election, Senator Chandler said last night: "There are 1,700,000 acres in the district. The owners of 701,000 acres, comprising 823 separate land owners, have petitioned for the election."

"The bill proposes a vote by acreage. There are 50,000 separate land owners in the district. One hundred of these, including the corporation Miller and Lux, own a majority of the acreage and can vote down the thousands of little fellows," Colonel Irish retorted.

The assembly chamber was crowded to the doors and contending speakers were repeatedly cheered. Others who spoke were Lawrence Schilling and Senators Duncan and Parkitt for the dissolution election, and Captain A. E. Anderson, T. C. Gregory and C. W. Neumiller against it.

Take LAXATIVE BROMO QUININE Tablets. Druggists refund money if it fails to cure. E. W. GROVE'S signature is on each box. 25c.

TWO GERMAN SAILORS SHOT BY U. S. MARINES

BY INTERNATIONAL NEWS SERVICE
LEASER WIRE TO TRIBUNE
PHILADELPHIA, March 15.—Two German sailors of the interned German liner Kronprinz Wilhelm were shot by United States marines, and eight others were arrested early today in a scuffle on the vessel.
The marines boarded the ship after the Germans had been seen to set off flashes of powder on the rear decks. When they attempted to arrest the Germans a fight ensued, and two runs were discharged. Whether the Germans were accidentally or intentionally shot could not be learned this afternoon. Officials refused to discuss the affair.
The arrest of the eight Germans was accomplished by a force of forty marines. They were turned over to Commander Max Thierichens.

WOMEN URGED TO ELECTION ACTIVITY

MARYSVILLE, March 15.—"California women should not sit back and let men continue to run the politics of the state as they have done for so many years, but should become actively interested in every political and moral issue at every election."

This was one of the statements of Mrs. O. H. Kearns, chairman of the political science committee of the Federation of Women's Clubs, northern district in convention here today.

Mrs. Kearns advised clubwomen to organize public forums in every community and educate the women—and men—on the questions of the hour.

The only way to fight the high cost of living, which she termed "disgraceful," is for the housewives to unite and refuse to buy from the middlemen, declared Mrs. Albert Ross, chairman of the home economics committee.

Mrs. Ross advocated the establishment of twelve or more great central markets throughout the country, at which the producers might sell their products at a profit never more than 25 per cent.

She advocated a "Buy from the farm" system.
The convention went on record as against the Gelder bill, which would prevent medical examination of boys and girls in the public schools.

The convention will close tomorrow evening. Three hundred delegates are in attendance.

Terrific Explosion Rocks Du Pont Works

WILMINGTON, Del., March 15.—A terrific explosion in a turning mill of the DuPont Powder Works today shook Wilmington and caused tremendous excitement. One man, Albert Binappi, an employee, was killed. Immediately after the blast rumors filled the city that a large number had been killed and all the available ambulances in the city were rushed across the river to the works.

Officials attribute the explosion to a stray spark.

COLOMBIAN PACT HELD AS BLACKMAIL

Foreign Relations Committee Minority Declares Treaty Is Degradation.

BY INTERNATIONAL NEWS SERVICE
LEASER WIRE TO TRIBUNE
WASHINGTON, March 15.—Minority members of the Senate Foreign Relations Committee, submitting their views today on the Colombian treaty, denounced the proposed pact as "a blackmail demand" involving a "degradation to which the United States could never submit."

The majority report, also made public today as the Senate resumed consideration of the treaty, urged prompt ratification of the convention in the interest of stronger pan-Americanism. It made no reference, however, to the argument put forward by the administration that the treaty was necessary to guarantee the Panama Canal against the danger of German plots hatched on adjacent Colombian soil.

The majority report, also made public today as the Senate resumed consideration of the treaty, urged prompt ratification of the convention in the interest of stronger pan-Americanism. It made no reference, however, to the argument put forward by the administration that the treaty was necessary to guarantee the Panama Canal against the danger of German plots hatched on adjacent Colombian soil.

Gier Sees Break Over Rominger Liquor Bill

SACRAMENTO, March 15.—That there is a break in the ranks of the California Grape Protective Association over the Rominger bill is the word which is circulating around the Legislature. It comes from Colonel Theodore Gier of Oakland, the large vineyardist. Gier says there are numbers of the wine grape men who are dissatisfied with the Grape Association's apparent change of front with relation to the bill.

It is said by Gier that the association directorate endorsed the Rominger bill against the best thought among the wine grape men, and that they resent this action. That there will be a movement toward a separate organization of the wine grape growers is also suggested by Gier.

Market Bill Amended at Growers' Request

SACRAMENTO, March 15.—After a conference with representatives of the California Citrus Growers' Exchange, the California Raisin Association and other growers' co-operative organizations of California, the State market director agreed yesterday to amend his State market bill now before the legislature to meet the demands of the producers' associations.

The changes were in the nature of a compromise, and it is believed they will be accepted by Senator William E. Brown of Los Angeles, author of the State market bill, and later in the legislative fight against the director.

Under the bill as amended, the Growers' association will retain a large part of its crops and marketing organization.

Grayson Confirmed as Medical Director

WASHINGTON, March 15.—Dr. Cary T. Grayson, President Wilson's friend and naval aide, was confirmed by the Senate today as medical director, with rank of rear-admiral in the navy, after a long fight against him by Republican Senators.

EDUCATORS REPORT ON SCHOOL HEAD

Three University Savants Say
Superintendent Should Be
Organizer, Executive and a
Supervisor in Liberal Sense

Board of Education Is Told Not
to Deal in Individual and
Personal Matters; Denial Is
Made of "Politics" Rumors

Professors of California and Stanford universities have reported to the Board of Education their opinions as to what powers should be delegated to the superintendent of schools as a preliminary survey to the recommendation of candidates from whom shall be chosen a successor to Superintendent A. C. Barker at the end of the fiscal year.

The report, which was prepared by Dean Alexis F. Lange of the department of education of the University of California, Professor William P. C. Terman of the department of education at Stanford, upon request of the members of the advisory committee appointed by the board to nominate candidates, is the first step to be taken by the committee since its appointment more than a month ago.

The matter was brought up before the board last night when an inquiry was made as to what progress the advisory committee was making along the lines suggested by the majority members of the board. It had been rumored that the members of the advisory committee were dissatisfied with the proceedings and that they would refrain from taking part in what minority members of the board declared to be "politics" on the part of the majority members. The vacancy caused by the resignation of Reuben Wland, who became candidate for a directorship, has not been filled.

The advisory committee consists of President Benjamin Ide Wheeler of the University of California; Dr. Ray Lyman Wilbur, president of Stanford University; Dr. Aurelia Henry Reinhardt, president of Mills College; George Randolph of the Union Iron Works; Joseph King, president of the Chamber of Commerce, and Rev. Albert W. Palmer.

WORK IS THREEFOLD. In the report drawn up by the three university savants it is set forth that the work of a superintendent should be threefold. He should be an organizer, an executive and a supervisor in a liberal sense of the terms, they proclaim.

"The clear intent of the regulations is that the Board of Education should withdraw from all personal and individual matters," continues the report, "and should become clearly a board for school control" using this expression in the larger sense of the term, for the city at large. No board can ever render satisfactory service if it is continually dealing in individual and personal matters. This should be left to the executive.

"The executive must learn to lead by reason of his larger knowledge and his contagious enthusiasm rather than to drive by reason of his superior force."

FOR GREATER POWERS. Commissioner W. H. Edwards, ex-officio director of the Board of Education, stated that he is absolutely in favor of the board delegating greater powers to the superintendent of schools.

"That is as it should be," he said. "If a man is to properly direct a great organization like the school system of this city, he should have the power to direct directly without being hampered by the board."

Concerning rumors current around the City Hall that the advisory board members have become provoked by inference that they are being made the tools of politicians, two members of the board, President Wheeler and President Wilbur, made statements in denial of any foundation for such rumors.

The request from the elementary school teachers that the board consider the proposition of providing for an increase in salaries in the new budget will be followed by a similar request from the high school teachers, and the board will then appoint a committee to investigate conditions with the idea of acting in a favorable manner upon the matter.

Among those who have signed as members are: Dr. G. W. Sweetser, Attorney Leo F. Torrey, Attorney Rex L. Boyer, W. E. Morton, R. L. Overfield, T. E. Kornthoff, H. T. Caskey, G. O. Lewis, D. C. Christensen, H. C. Nelson, O. P. Wilson and others.

Alta Mira Club to Hold Annual Luncheon

SAN LEANDRO, March 15.—The Alta Mira Club will hold its annual luncheon Monday afternoon, March 26. The club members at a meeting this week decided in favor of holding the luncheon, after a discussion whether it is proper in the midst of a epidemic of scarlet fever in town, it would not be advisable to postpone the affair until later in the season. The election of officers will take place April 3. Luther Whitman of the United States Department of Forestry will give an illustrated lecture on forestry at a club meeting, April 23. Arrangements for the forestry program were made by Mrs. L. J. Smith, chairman of the Alma Mira Club of the California Federation of Women's Clubs.

Wonderful Discovery

It has just been discovered that it is more economical to dine at Kisch's Saddle Rock than it is to get the same kind of a dinner at home—and much less trouble. Tonight the usual \$1 dinner, Sunday special menu entirely different, fried chicken, music and entertainment. Covers \$1.25—Advertisement.

Masons to Conduct Funeral of Pollitt

Funeral services under the auspices of Live Oak Lodge No. 61, A. F. & A. M., will be held tomorrow afternoon for James Pollitt, for many years organizer in Oakland churches and Masonic organizations. Services will be in the Scottish Rite Cathedral, Fifteenth and Madison streets. Pollitt died yesterday at Mt. Zion hospital, San Francisco, after a prolonged illness.

A native of England, 63 years old, Pollitt came to Oakland direct from his native land in 1859, accompanied by his family. At once he began musical work for local churches. For many years he served as organist at the First Baptist Church, Church of the Advent and St. John's. Resigning from these positions, he was appointed organist of the Knights Templar, Oakland Commandery; Live Oak Lodge, Masonic and the Scottish Rite body in Oakland.

Surviving members of the immediate family include a widow, Mrs. Margaret Burr Pollitt; two sons, George and Harvey, San Francisco; and three daughters, Mrs. Charles G. Clifton, Mrs. Florence Graff and Mrs. Eugene Danenbaum, Vallejo. His residence was at 1403 Eleventh avenue.

MACCABEES PLAY WHIST. Preparations have been completed by a committee from Oakland Review, No. 14, Maccabees, to give a whist tournament this evening at Porter Hall, Nineteenth and Grove streets. Members and friends are invited and arrangements have been made for a large attendance.

A FAIRY STORY

One night not long ago a fairy queen touched with her magic wand the big scales at our Broadway entrance and the scales came to life. "Well, well," said the scales, "I'm glad to stretch my weights at last. This is a mighty tremendous job. It's the worst job in the store. I got more complaints than anyone else in Bowman's."

"But folks say that I exaggerate when I truthfully show them up, and this folks something that these scales told the matter when I refuse to add to their scanty avoirdupois. No one seems to be completely satisfied."

"More I came to Bowman's I was told that no store in Oakland heard less complaints or had more friends. I was told that for over 40 years Bowman's has been developing the confidence, good will and co-operation of its customers. I was told that this store was distinctive throughout the United States in this respect; that many friends continued their patronage, by mail, even after moving permanently to distant points."

"Well, whoever said that certainly never stood in my boots. As far as the weighing department is concerned I find it quite the contrary. All of my customers are suspicious, disappointed and finding. People who order prescriptions they get from the prescription department, most of those who get weighed are greatly disappointed at the doses I am forced to give them in the weighing department."

The scales rambled on in this manner until finally the fairy became so disgusted that she touched them again with her magic wand, and shut off the flow of conversation until next Halloween.

It is perhaps just as well that this is a fairy story. These wise old scales probably know some weighty secrets. Their real duty is to give you a weight, however, not away.

Hayward Farmer Is Named for Trustee

HAYWARD, March 15.—Mr. J. Madison of this city has been appointed a member of the board of trustees of the State Prune and Apricot Growers' Association, by Market Director Harris W. Weinstein, with the approval of Governor Hiram W. Johnson. Weinstein had the appointment of one trustee, the other twenty-four being elected by the members of the association. Madison is a large orchardist and is president of the Hayward Chamber of Commerce. His cousin, James Madison, is manager of the Raisin Growers' Association of Fresno.

The association will meet here tomorrow night to further the membership campaign in Alameda county. More than 800 prune and apricot growers in this county have joined and it is hoped soon to have the seventy-five percent acreage necessary before the association can complete organization.

Officers of the association from the San Jose headquarters will speak at the meeting, including H. G. Cowkendall, general manager; Joseph H. Bone, secretary, and Luther Brown, one of the organizers.

125 Chickens Taken in Raid on Ranch

SAN LEANDRO, March 15.—Chickens removed 125 chickens from the ranch of Hans Jacobs, near San Lorenzo. Marshal Joseph Parilla yesterday found three sacks of Jacobs' chickens in an Oakland market, where the thieves had disposed of their feathered spoil. The raid on the Jacobs' ranch is the largest of many chicken thefts in this community lately.

Mrs. Mary Bernard Is Stricken on Car

SAN LEANDRO, March 15.—Mrs. Mary Bernard, an aunt of Deputy District Attorney A. A. Rogers, is seriously ill at her home on Estudillo avenue, following a stroke of paralysis in an Oakland-bound street car yesterday. Mrs. Bernard, who owns a large garden, was taking in flowers to the Oakland market when she was taken ill. She was removed from the car upon its return here from Oakland.

A FAIRY STORY

One night not long ago a fairy queen touched with her magic wand the big scales at our Broadway entrance and the scales came to life. "Well, well," said the scales, "I'm glad to stretch my weights at last. This is a mighty tremendous job. It's the worst job in the store. I got more complaints than anyone else in Bowman's."

"But folks say that I exaggerate when I truthfully show them up, and this folks something that these scales told the matter when I refuse to add to their scanty avoirdupois. No one seems to be completely satisfied."

"More I came to Bowman's I was told that no store in Oakland heard less complaints or had more friends. I was told that for over 40 years Bowman's has been developing the confidence, good will and co-operation of its customers. I was told that this store was distinctive throughout the United States in this respect; that many friends continued their patronage, by mail, even after moving permanently to distant points."

"Well, whoever said that certainly never stood in my boots. As far as the weighing department is concerned I find it quite the contrary. All of my customers are suspicious, disappointed and finding. People who order prescriptions they get from the prescription department, most of those who get weighed are greatly disappointed at the doses I am forced to give them in the weighing department."

The scales rambled on in this manner until finally the fairy became so disgusted that she touched them again with her magic wand, and shut off the flow of conversation until next Halloween.

It is perhaps just as well that this is a fairy story. These wise old scales probably know some weighty secrets. Their real duty is to give you a weight, however, not away.

GET READY TO PUT UP A YEAR'S SUPPLY OF EGGS

The United States Department of Agriculture has issued a bulletin regarding the preservation of eggs in Silicate of Soda (Liquid Glass).

They advise that early spring eggs be used, that doubtful eggs be tested in water, and if any float the floaters be thrown out; that eggs should be clean but not washed; that they be packed with the smooth end down; that the receptacle be kept in a cool, dark place.

Many authorities advocate the use of a stone-washed container. Perfectly satisfactory results, however, have been obtained with the use of a common oil can with the top cut off.

The container should first be packed with the eggs, which can best be done by tilting the receptacle in a slanting position. The silicate of soda solution should then be poured over them until they are submerged about two inches below the surface of the liquid. A cover of some sort (to prevent evaporation) should then be placed over the container, which should be kept in the basement.

The Silicate of Soda which we sell is made up especially for us. It is a stronger solution than is generally sold, and always uniform. One quart should be mixed with about 10 quarts of boiling water and thoroughly stirred. Complete directions on every bottle. 25 cents worth will put up 10 dozen eggs which will keep one year.

AVOID POISON OAK BY USING TAYLOR'S POISON OAK LOTION

Poison Oak is rising again. Look out, or you'll get it!

The "Safety First" method is to get a bottle of Taylor's Poison Oak Lotion and rub it upon your face and hands (especially your wrists) before exposing yourself. This plan usually saves you from taking ill. If you become affected the best remedy we have ever known of is this selfsame lotion. Sometimes it cures a light case in a very few days. People who are continually troubled with poison oak tell us that Taylor's Poison Oak Lotion is a wonderful remedy. It assuredly has a wonderful sale and lots and lots of friends. 25 cents. Also in salve form.

BUGS ON ROSES

Are you watching your roses?

The little green bugs are after them, eating the tender sprouts 24 hours a day. If you kill these bugs now you'll have fine roses. If you let them go your roses will be deprived of their early spring start and will not do well even if you kill the bugs later. Get a 25-cent bottle of Bowman's Rose Spray and a 75-cent hand spray pump and kill them now.

These are wonderful days for Kodaking. Make the most of them, and then make the most of your films by bringing them to BOWMAN'S to be developed.

KEEPS OUT MOTHS

Cedar Moth Crystals are about the best thing to keep out moths that we've ever come across.

Therefore, we recommend. They couple the effectiveness of naphthalene cedar and camphor in a manner agreeable to people, yet deadly to moths. If ordinary moth balls are used, the result is not only unsatisfactory in effectiveness, we advise Cedar Crystals. They come in large packages at 15 cents each. One package being sufficient for one season in an ordinary household.

A SAFE HEADACHE REMEDY—ONE WE RECOMMEND

No conscientious druggist will recommend the continuous use of headache powders for persistent headaches. In such cases something more than a temporary relief is necessary and a physician should be consulted.

However, most of us from time to time have headaches from various causes. Such headaches, when they result from temporary derangements of the system) should be relieved by taking a safe, dependable headache remedy. Such a remedy will stop the pain and a good night's sleep will usually remove the cause. We advise the use of Exelsior Headache Powder. In such cases, because we know that they can be safely taken, 10 and 25 cents a package.

COMMISSION TO DECIDE UPON WAGES

The California Industrial Welfare Commission announced today its intention of taking in the near future a minimum wage for women and girls employed in the retail stores of California.

In order to arrive at a starting salary for female employees a wage board will be selected upon which the women themselves, their employers and members of the commission will all have representation.

Today notices were sent to all of those interested in the contemplated move of the commission and elections will be held in the large department stores of Oakland, San Francisco, Los Angeles and other cities by the women employees to select delegates to the conference. From this conference the commission will select three members of a wage board, three others will be chosen from the Retail Dry Goods Association from names submitted by that organization. The representatives of the commission will be named by that body.

The Industrial Welfare Commission is composed of A. C. Dohrman, San Francisco; Walter Matthews, San Jose; Mrs. Katherine Phillips, San Jose; Mrs. A. B. Bohnheim, Sacramento; Judge Frank J. Murphy, San Francisco, and A. J. Ebel, secretary.

On March 28 the commission will investigate the women employed in fruit and vegetable industries and in vinegar, pickle and olive concerns.

STONE ASKS FOR SHIP REGISTRY SINCE JAN. 1916

No Explanation Made of Move by U. S. Senator

WASHINGTON, March 15.—The Senate adopted today without objection a resolution offered by Senator Stone, chairman of the foreign relations committee, calling on the secretary of commerce to furnish it with a complete list of all vessels for which application for admission to American registry has been made since January 1, 1916.

Although Senator Stone made no explanation of the move, it was understood to be aimed to show whether the allies have been placing ships under American registry to bring about an overt act by Germany against American shipping and thus draw the United States into the war.

Army of Japanese on Way to France

CHICAGO, March 15.—Thousands of Japanese troops are being landed on the west coast of Canada by the allies and transported to Quebec and thence to France.

It is known definitely that the first brigade of Japanese troops, numbering 25,000 men, passed through Canada last week and today are on the Atlantic coast, bound for the trenches. This positive information was learned from J. L. Tobias, chancellor of the Chicago Law School, who learned of the troop movement from an inspecting engineer in the employ of the Canadian government. The engineer returned to his home in Chicago yesterday.

Births, Deaths, Marriage Licenses

MARRIAGE LICENSES

DE FERRARI-PERRY—Antonio De Ferrari, 22, and Anna C. Perry, 22, both of Oakland. License granted by Judge J. J. Whitcomb, 24, March 14, 1917.

TOO WEAK TO FIGHT

The "Come-back" man was really never down-and-out. His weakened condition, because of over-work, lack of exercise, improper eating and living demands stimulation to satisfy the cry for a health-giving appetite and the refreshment of sleep essential to strength. GOLD MEDAL Haarlem Oil Capsules, the National Remedy of Holland, will do the work. They are warlike. Three of these capsules each day will put a man on his feet before he knows it; whether this trouble comes from urine action, bladder, stomach derangement or other elements that defeat the over-zealous American. Don't wait until you are entirely down-and-out; but take them today. Your druggist will gladly refund your money if they do not help you. 7c and \$1.00 per box. Accept no substitutes. Look for the name GOLD MEDAL on every box. They are the pure, original, imported Haarlem Oil Capsules. Guaranteed and sold by The Owl Drug Co.—Advertisement.

Antidotes for Bodily Poisons

(By L. H. SMITH, M. D.)

The victims of auto-intoxication are many thousands every day. By reason of the toxins, or poisons bred in the intestines, these poisonous bacteria are sent to a certain extent to the channels and the victim feels tired, sleepy and headache, or the brain doesn't work as usual. The best treatment for this is to drink hot water before breakfast—after all day and procure a simple laxative, made of May-apple, leaves of aloe, etc., with no calomel and entirely vegetable, which can be obtained at any drug store, known as Dr. Pierce's Pleasant Pellets.

Equally important is it to cleanse kidneys and bladder, and drinking plentifully of pure water will cleanse them to a certain extent. Then obtain at the drug store a little Anuric, which was first discovered by Dr. Pierce of Surgical Institute in Buffalo, N. Y. Anuric (double strength) should be taken for three days. It is many times more potent than lithia in throwing off the poisonous accumulations of uric acid.

Through failure of kidneys to act, through congestion, inflammation, any person's condition is ripe for disease to fasten its hold upon the system.

Anuric has been tested for the past few years for kidney, bladder, uric acid troubles, rheumatism, gout and such ailments as follow, and so many cases both acute and stubborn have yielded to its treatment, and I do not hesitate to recommend it.—Advertisement.

KEEP LOOKING YOUNG

It's Easy—If You Know Dr. Edwards' Olive Tablets

The secret of keeping young is to feel young—to do this you must watch your liver and bowels—there's no need of having a sallow complexion—dark rings under your eyes—pimples—a bilious look in your face—dull eyes with no sparkle. Your doctor will tell you ninety per cent of all sickness comes from inactive bowels and liver.

Dr. Edwards, a well-known physician in Ohio, perfected a vegetable compound mixed with olive oil to act on the liver and bowels, which he gave to his patients for years.

Dr. Edwards' Olive Tablets, the substitute for calomel, are gentle in their action, yet always effective. They bring about that exuberant of spirit, that natural buoyancy which should be enjoyed by everyone, by toning up the liver and clearing the system of impurities. You will know Dr. Edwards' Olive Tablets by their olive color, 10c and 25c per box. All druggists.

Fine Reports Regarding Kidney Medicine

As a kidney, liver and bladder preparation Dr. Kilmer's Swamp-Root is rated with the best and during the past sixteen years I have sold lots of it, and my customers are very satisfied with the results obtained from its use. It is a meritorious preparation and I am not afraid to recommend it as I believe it will do what is claimed according to the reports received.

Very truly yours,
H. A. ULLERY, Druggist,
July 15, 1916. Arvada, Colo.

Letter to Dr. Kilmer & Co., Binghamton, N. Y.

Prove What Swamp-Root Will Do For You.

Send ten cents to Dr. Kilmer & Co., Binghamton, N. Y., for a sample size bottle. It will convince anyone. You will also receive a booklet of valuable information, telling about the kidneys and bladder. When writing, be sure and mention the Oakland Daily Tribune. Regular fifty-cent and one-dollar size bottles for sale at all drug stores.—Advertisement.

DRIVE AWAY HEADACHE

Rub Musterole on Forehead and Temples

A headache remedy without the dangers of "headache medicine." Relieves headache and that miserable feeling from colds or congestion. And it acts at once! Musterole is a clean, white ointment, made with oil of mustard. Better than a mustard plaster and does not blister. Used only externally, and in no way can affect stomach and heart, as some internal medicines do. Excellent for sore throat, bronchitis, croup, stiff neck, asthma, neuralgia, congestion, pleurisy, rheumatism, lumbago, all pains and aches of the back or joints, sprains, sore muscles, bruises, chilblains, frosted feet, colds of the chest (it often prevents pneumonia).

RED CROSS TO SEEK LARGER MEMBERSHIP

Local Chapter Inaugurates Big Campaign; Representative Men and Women of Oakland, Alameda and Berkeley to Aid

The local chapter of the American Red Cross Society has inaugurated a membership campaign. It had its inception yesterday at a luncheon which was given at Hotel Oakland and which brought together some half hundred of the most representative men and women of Oakland, Berkeley and Alameda. John W. Garthwaite was elected chairman of the campaign committee. Serving with him on the executive board will be Judge E. B. Ogden, Joseph R. Knowland and Mrs. Harry East Miller. Later on this board will be increased as the plans for the work develop.

The presence of J. L. Clymer, director of the Pacific division of the organization, was the immediate incentive for the beginning of the gathering of members at this particular hour. The fact of the membership of 150 it is desired to increase the roll to 25,000.

Joseph R. Knowland acted as chairman of the day. In introducing Clymer he pointed out the fact that the United States with a total membership of 300,000 was not nearly so progressive in the service as Japan with its total of 1,800,000.

CAN FURNISH QUOTA

"Oakland is just as capable as any other city to furnish its full quota of workers," it was said by one of the speakers. "If war should come tomorrow it would take years of time to prepare to take your proper place in the big scheme of things. In the first shock of war to come, be prepared to meet it."

Downtown headquarters will be opened by a secretary appointed and immediate plans made for a whirlwind campaign such as is being carried on in every large city not only on the Pacific coast, but in the east as well.

The luncheon yesterday was arranged by the membership committee of the Oakland chapter, of which Mrs. John Perkins is chairman. Other members are Mrs. Wallace Alexander, Mrs. Arthur Tashler, Mrs. Isaac Benita, Mrs. D. E. Easterbrook, Miss Ethel Moore, Miss Annie Florence Brown, Mrs. A. O. Gott, Mrs. George E. Holmes, Mrs. Marie Connors, Mrs. John Beckwith, Joseph Russell Knowland, H. C. Capwell, J. F. Carleton.

IN ACTIVE CAMPAIGN

Among those who have been included in the persons of the active campaign committee besides those of the standing membership committee are Mrs. Willard Williamson, Mrs. Dudley Kinsell, Mrs. George Rothganger, Mrs. Henry Zolmer, Miss Laverson, Mrs. Thomas Mitchell Potter, Mrs. L. Wright, Mrs. Harmon Bell, Mrs. John L. Howard, Mrs. C. H. Miller, Mrs. Harry East Miller, Mrs. I. B. Parsons of Hayward, Dr. C. H. Miller, H. C. Rev. Charles Mullen, Harmon Bell, Charles Potter, Harrison Robinson, Rev. Alexander Allen, A. S. Lavenson, Rev. Clifton Macon, Miss Mollie Connors, Miss Edna Kinard, Maxwell Taft, Walter Belmont, Judge T. B. Ogden, Rev. Albert W. Palmer, Dr. John Eng, Rev. Francis Van Horn, Dr. Philip Abbott, J. E. Caine, M. A. McInnes, Judge W. H. Donohue, A. W. Holmes, L. Mullen, L. H. Clay and several others.

PRIZES GIVEN FOR ESSAYS

Tourist Association Contest Is Ended; Oakland Girl Wins.

Compelled to judge from a total of 1000 essays, officials in charge of the Tourist Association of Central California contest, have just announced the prize winners after a long period of work in selection of the best papers. Alameda county high schools and lower-grade schools only were included in the contest.

Five prizes were awarded by the association and three by leading county newspapers.

Prize Jessie Ruth Strathearn, Fremont High School, was declared winner of The Oakland TRIBUNE \$5 award. The judges were guided in their selection of winners by excellence of English used in the essays, knowledge displayed by authors of Alameda county and originality. The winners and prizes are:

Miss Katherine Blackburn, Oakland Technical High School, best high school essay, \$10.

Edwin Young, Livermore Grammar School, best grammar grade essay, \$10.

Miss Julia M. I. Charnock, Berkeley high school, "next best" essay, \$5.

Miss Irene E. Isaacs, Porter Grammar School, "next best" essay, \$5.

Miss Helen E. L. Ennis, Seventh "A" Grade pupil, Fremont Heights School, Oakland, "next best" essay, \$5.

Miss Jessie Ruth Strathearn, Fremont High School, Oakland TRIBUNE prize, \$5.

Miss Irene E. Isaacs, Porter Grammar School, Alameda, "Times-Star" prize, \$5.

Motion Made to Turn Over Appam

WASHINGTON, March 15.—Motion for a mandate to turn over the German prize ship Appam to her British owners in accordance with the Supreme Court decree of March 6 was filed in the Supreme Court today on behalf of Henry G. Harrison, British master of the Appam, and the British and African Steam Navigation Company, owners.

The motion will be presented in open court Monday.

VISION REVEALS SKELETONS OF MAN AND WOMAN

Poet Sees Boy on Creek Edge; Results in Find

SAN JOSE, March 15.—Impelled by a dream, persons searching the banks of the Guadalupe creek for the body of 15-year-old Alven Huber, who was swept away by flood waters three weeks ago, unearthed the skeletons of a man and woman about six miles from San Jose.

Men who found the remains, among them the father of Alven Huber, said that they were guided in their quest by the dream of George E. Maloney, a local poet. In this vision Maloney had seen his son struggling in the Guadalupe as Alven Huber had struggled, and was attempting to find the body. He walked along the creek for miles, and finally came to three spirits of women. They pointed to the ground and said: "That which is lost is hidden here," at the same time pointing to the ground.

For a day or two, Maloney said, the dream haunted him. Finally, he related it to a spirit of levity to Fire Chief Haley, a close friend of the Huber family. Accompanied by Huber and J. J. Monte, Maloney went down the stream until he came to a place pointed out to him by the "dream women."

They started digging and the skeletons were unearthed.

Maloney has written some verses on the subject, entitled "I Don't Know." He says that he has never before been in the locality where the skeletons were unearthed.

We Have Just Installed the "Success" GAS RANGES

Sold on Terms if Desired

- ### "SUCCESS" GAS RANGE FEATURES.
1. Made on the Coast for Coast conditions.
 2. Absolutely perfect bakers and cookers. Save fuel, save labor.
 3. Sanitary features and plain designs lighten the work.
 4. "Success" castings and Armo Iron insure durability.
 5. Scientifically constructed to save fuel.
 6. Gas leaks forever prevented by double thickness supply pipes and adjustment springs on lever valves.
 7. All surfaces plain and smooth—no nuts or bolt heads to catch wiping cloth.
 8. Guaranteed to give complete and lasting satisfaction.

"SUCCESS" Gas Ranges are made by the JAMES GRAHAM MANUFACTURING COMPANY in the oldest and largest stove foundry west of the Rocky Mountains, located at Newark, California.

MOTOR BOATS ARE OFFERED TO U. S.

Yachtsmen Will Aid in Defense of Bay With Small, Fast Craft.

Motor-boats and yachts owned by members of the east bay yacht clubs are being placed at the disposal of the United States government together with the services of their owners and crews, for use in case of war, following a meeting of yachtsmen and motor-boat enthusiasts under the auspices of the Twelfth Naval District Commandant at the Chamber of Commerce headquarters in Hotel Oakland last night. The east bay fleet of yachts and motor-boats will be employed as patrol boats and for scout service in and about San Francisco bay in time of war. They will not be required to go beyond the precincts of the bay and will be for home defense only.

Former Governor George C. Pardee has already offered the use of his motor-boat La Ola for government service. Commodore George M. Shaw of the California Yacht Club has enlisted his auxiliary yawl Idler, Captain William Letts Oliver his sixty-five foot cruiser "Bonnie Doon."

Charles H. Crocker, lieutenant-commander of the United States naval reserve and commodore of the Pacific Motor-boat Club, explained the service in detail and said the yachts would mount guns for aerial and submarine defense.

Governor May Offer Reward for Murderer

ST. PAUL, Minn., March 15.—Governor Burnquist has been asked to offer a re-

ward for the apprehension of Percival V. Allen, under indictment in Seattle, Washington, charged with the murder of his wife, who was formerly Anna Danielson, of Minneapolis. Before a final decision is reached, the governor said, the question of whether one state can legally offer

a reward for an alleged fugitive charged with a crime in another state, must be settled.

Allen escaped from the jail in Seattle recently and the state of Washington has offered \$200 and King County a \$250 sum for his apprehension.

ROYAL NEIGHBORS

The final portion of the christening exercises will come this evening when a dance will be held on the main floor of the hall. The affair will be attended by employees, city officials and various members of the local smart set who are acting as patronesses of the affair.

The official patronesses are: Mesdames Victor H. Metcalf, William Cavalier, E. A. Heron, A. C. Posey, George Fredericks, George E. Perkins, Charles D. Pates, Jr., William Thornton White, John Louis Lohse, E. E. Walsh, Frank Proctor and J. F. Carlston.

BALL PLAYERS TO AID HOSPITAL

"Oakland is coming into its own. The terminus of all overland railroads." "The one place on the bay where the world comes to trade." "The Commercial Center of the West." "The City of the Future." "Obviously," these truths are now recognized all over the world and we are deriving some of the fruits of our international trade. We are better off, but our conditions guarantee that the importance of this great industrial center will increase by leaps and bounds. Nothing can stop it."

Frank Thompson, candidate, for school director on No. 2, said: "There are too much politics in our public school affairs, too much looking after personal ambition and too much working for the interests of the community."

GOVERNOR STEPHENS.

To the new Governor of California, Hon William D. Stephens, who today assumes the office of chief executive of the State, THE TRIBUNE extends its best wishes for a successful administration. He is admirably qualified by experience and training to enter upon the discharge of his duties and his record in public life fully justifies the prediction that he will make good in his new trust.

Mr. Stephens has been a resident and a citizen of California for just thirty years. In Los Angeles, his home city, he has served as a member of the Board of Education, as Mayor of Los Angeles, president of the Board of Water Commissioners, and a member of the advisory committee for the construction of the famous Los Angeles aqueduct. He was also a member of Congress from 1911 until his resignation last year to accept the appointment of Lieutenant-Governor. His loyalty to California is unquestionable and his experience as a member of Congress has enabled him to gain a higher appreciation of the State's relation to the rest of the country and its duty as an important unit in the national government.

It is not to be expected that Governor Stephens will hesitate to carry out in the main the policies of his predecessor; his appointment came from Governor Johnson and he is in honor bound to do this. But this does not mean that he necessarily will inherit or try to preserve the animosities of his predecessor.

While being aligned with the Progressive party, Mr. Stephens has never been a radical. Generally he allied himself with the Republicans on party questions in Congress. He is a thorough protectionist, and on numerous occasions has recorded his conviction that a protective tariff is necessary to the prosperity of California.

However, the new Governor is also a man of independent views on all subjects, with the courage to enforce them, but receptive to the views of others when shown to be founded on reason and justice.

Governor Stephens has a splendid opportunity to make good. He goes into office without, it is certain, his hands tied in any way. Notwithstanding the recent brief embarrassment caused by the uncertainty about his succession, his ability and diligence in the public service will soon win for him as high a measure of confidence as has been the fortune of any other man. And his genial and winning personality will soon create for him a circle of friends and supporters as extensive as that of his predecessor.

UNWORTHY EFFORTS.

Governor Johnson's resignation and impending departure from Sacramento lends additional interest to attacks that are now being waged in the legislature on three important features of the State government. These are the reclamation board, the civil service, and, through a "drive" on the board of control, the budget system. They are manifested in a number of bills aiming to reduce the powers and weaken the efficiency of these instrumentalities of the State government.

All three of these assaults should be condemned to utter failure.

The reclamation board should be given increased powers, if necessary, to carry out its part in the great flood control project for the Sacramento and San Joaquin valleys, for the completion of which the State has entered into a definite contract with the Federal government. The purpose of the Chandler senate bill and its several companion measures, is to bring about the dissolution of the San Joaquin drainage district, and, through this maneuver, seriously to cripple the work of the State in discharging its accepted obligations under the pact with the Federal government. It is a selfish purpose, conceived solely for the benefit of the big landed interests, the heads of which may not live in the district, nor have any concern for Central California other than to save their ranch acreage from being assessed a just share of flood control expense.

In the campaign to break down the civil service, selfish political interests are at work. They want to restore, at least in part, the old discredited "spoils" system. Civil service has not fulfilled all the hopes entertained for it, but has proved so much more satisfactory than the old system as to make the thought of a return to the old system intolerable

to all who desire governmental efficiency. The civil service might be improved, but it would be unpardonable retrogression to weaken it at the behest of interior county politicians.

Through the State board of control, California has been one of the first States in the Union to establish an efficient, adequate budget system. It is true that since the board of control was created the expenditures of the State government have practically trebled, but that was not the fault of the board. Expenses probably would have been multiplied by ten had it not been for the board's activities. The budget system prevents appropriations from running riot in the legislature and is an effective curb on members who have a great imagination regarding the needs of their constituency. The board of control has not prevented administration extravagance, because it was not more powerful than those who fixed the policies, but it has prevented trafficking in "pork." And it has enforced economies in the disbursements of appropriations and compelled better service in government institutions. The budget system must be retained. If the State is to be saved from bankruptcy it must be through the honest and non-political administration of the board of control. Were it not for the budget it prepared the present legislature would probably shoulder upon the State a deficit of from \$15,000,000 to \$20,000,000.

THE TARIFF COMMISSION.

The new Federal tariff commission was supposed to be non-partisan and scientific. That was the promise of President Wilson in his recommendation to Congress and in his subsequent public utterances on the subject. It was likewise the burden of one of the campaign pledges of 1916, though one should really apologize for trusting a campaign pledge any longer. That promise was also the spirit of the tariff commission act as passed by Congress.

Here is the extent to which the President has carried out that promise in appointing the tariff commission:

William Kent of Kentfield, Marin county, California, a Democrat and president of the Woodrow Wilson Independent League (sometimes recorded in the Congressional register as an "Independent") former Representative an anti-protectionist.

David J. Lewis of Maryland, Democrat, and a former Representative.

Daniel C. Roper of South Carolina, Democrat, and former job holder in the Postoffice Department.

E. P. Costigan, a Colorado Progressive.

W. S. Culberson of Kansas, Republican.

Frank W. Taussig, college professor and political economist; no politics given, but the author of "Inventors and Money-makers."

Now as to the "scientific" element in this new federal board. Prof. Taussig may be acknowledged as filling the bill, since he is the only one of his kind on the commission. He is versed in economic theories.

Mr. Kent is a capitalist, ranch-owner, cattle-dealer and author of pamphlets on national and municipal civics.

Mr. Lewis worked in a Maryland coal mine from the age of 9 to 23 and in the meanwhile studied law and Latin.

Mr. Roper has been clerk of a number of House committees in his time, was special agent of the census bureau in 1900 and 1910, and found enough spare time to develop a plan for collecting cotton statistics by a count at frequent intervals during harvest season of the bales turned out at the ginneries. But the thing most in his favor probably was the compilation of a tariff handbook published as an appendix to a report on the Underwood tariff bill.

As to Mr. Costigan and Mr. Culberson there is no available information regarding their scientific accomplishments.

Therefore the Federal tariff commission may be analyzed, with reference to the promises above referred to, as follows:

Non-partisanism—Democrats 3, Progressive 1, Republican 1, unknown 1. Science—Scientific 1 (liberal estimate), unscientific 3, unclassified for lack of data 2.

Senator Stone of Missouri has been retained as chairman of the foreign relations committee of the Senate, the most important committee in the Congress. While this may be unfortunate the rules and conventions of the Senate made it almost impossible for that body to depose Senator Stone from the chairmanship because of the criticism of his opposition to a resolution introduced in the Senate. The Senate would have committed a regrettable mistake, and the majority party would have done still worse, had that body attempted to discipline one of its members for the exercise of his lawful prerogatives. It would have been a bad precedent. But this does not mean that the country and the government should repose as much confidence in Senator Stone as formerly may have been the case. Those who have projects for upholding the nation's honor or information concerning important naval secrets, should keep away from Mr. Stone. He cannot be trusted with such matters.

An American merchant ship, the Algonquin, has been sunk by a German submarine without warning and without provision being made for the safety of the non-combatant crew. But inasmuch as the United States government is no longer waiting for an "overt act" this violation of the law of nations adds little to the seriousness of the situation. It merely confirms the wisdom of the President in resorting to the use of forceful measures to safeguard American rights.

NOTES and COMMENT

We have heard of no protest from safety razor manufacturers against the proposed law that would make it a misdemeanor for a barber to shave a customer on Sunday.

University Regents to build an armory on the campus! If we do not hear from Dr. David Starr Jordan about this it will be conclusive evidence that erudition means more than just letting go of contemporary college headship.

Senator Owen thinks it would help if federal judges, when they declare acts of Congress to be unconstitutional, were fired from their jobs. A wonderful idea, which has strangely remained unexploited all these wearisome years.

A man with a palpable gun broke into the Governor's office at Olympia and observed that he was crazy. Instead of jocularly retorting that that was nothing on him the Governor went out the other way. Showing the superiority of quick action over language.

Just before election he kept us out of a railroad strike, but here we are again with the real thing. If he keeps us out now he will show undoubted class.

When it is announced that harmony prevails between the factions at Sacramento it means the same as that the bells listened respectfully when the will was being read, leaving the aftermath to be surmised.

Uncle Sam has set up a censor office of his own, which brings home some effect that has been been viewed from afar, and in instances criticizing in a rather unthinking way.

Observation from the Marysville Appeal: "Preachers who make sensational charges are like folks raising a garden. It is all right to stir up the ground, but in order to get a real garden it is necessary to pull out the weeds."

The change at Sacramento will move Senator Breed up a peg. Whether his title will be changed, or whether he has become the heir apparent, does not appear; but he will be the whole thing as a gavel-wielder in the upper house.

The momentous question, whether crabs that measure under seven inches in stature shall be taken in San Francisco bay, went down to its second defeat Tuesday. There might be a crustacean celebration, at least on the part of the undersized, in honor of the event.

It was noted that the relinquishment by McCabe should come before that bill increasing the insurance commissioner's salary from \$4000 to \$6000 and otherwise easing the way got through. Now there is a possibility that the necessity of the measure will not look so vital.

Judge Harris is coming in for Solomonic honors through a decision in a divorce case. He ruled that nobody had proved anything and dismissed the case, but realizing that "people must eat," whether they get along matrimonially or not, he ordered \$7 to be paid weekly to the wife.

The British government has prohibited export of raw cotton. It is explained that this will affect the export from Egypt to the United States by way of Liverpool, that cotton was being imported at all will surprise a good many. It sounds like that other case of carrying coals to Newcastle.

The Nevada City News reflects upon the executive of the State with which we are at peace. "The State of Nevada proposes to reduce the governor's salary from \$7000 to \$6000 a year. It takes a mighty clever poker player to go along on a salary like that and hold up the dignity of the State."

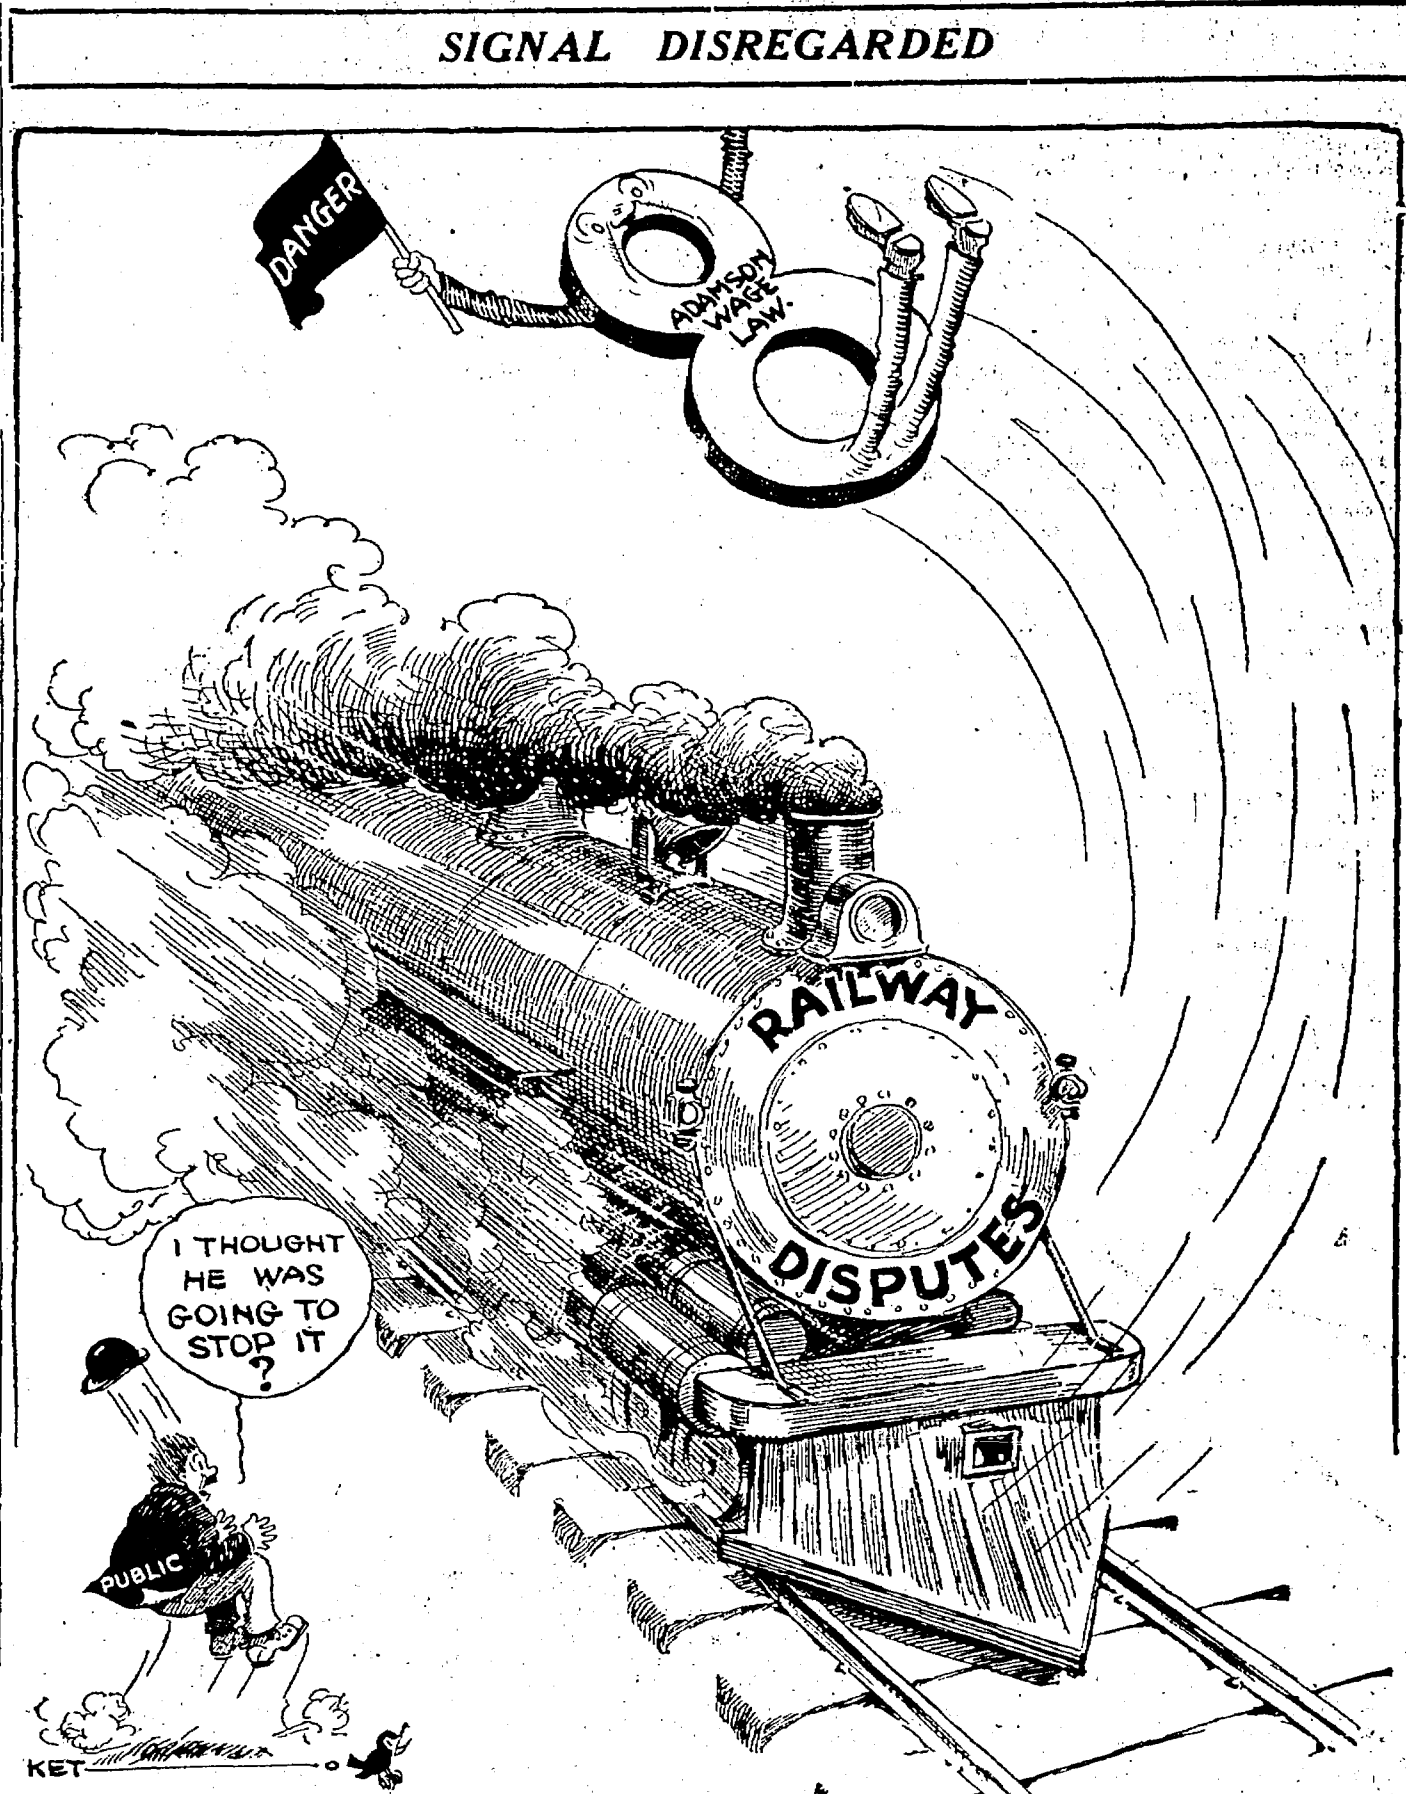

SPIRIT OF THE STATE PRESS

Manager Carl Hultgren reports business good at the California Central Creameries. He is now paying 23 cents per 100 pounds for skim milk. Four thousand pounds per day are now being treated at the plant. The curd is being shipped to Newman for drying purposes. At that place the Central Creameries purchases 30,000 pounds of whole milk every day at its creamery and its casein plant handles the curd product of several other points.—Los Banos Enterprise.

Illinois has got ahead of California in the next great forward step in political advance. This is a step not of granitic self-government, or more banitarian principles, but of business efficiency. Governor Lowden the other day signed the consolidation bill which organized the multitude of existing state bureaus into nine major departments. Of course even this step does not go far enough, since the heads of these departments do not constitute a responsible cabinet, and are not placed in fully responsible relation to the legislature.—Fresno Republican.

Did you notice, folks, last fall, just before the duck season opened, that the rice men were complaining that the ducks were eating up their crops and how glad they'd be to have hunters come and kill the birds? And did you notice that the very day the season opened the rice men posted up signs warning hunters away? This is a peculiar world.—Marysville Appeal.

State Treasurer F. W. Richardson's annual report shows that his office handles more money than any bank in California, and does it with the office force of five assistants and a stenographer. Richardson is only a newspaper man but he shows that his former experience is no drawback when it comes to giving people efficient service at small cost, with his duties largely increased. Richardson also belongs to that class of State officials who help hold down extravagances by the Legislature. His own department asking for but \$3000 at the last session for vault and office improvements.—Collegian.

THE FORUM

The Editor of The Tribune disclaims responsibility for opinions and statements expressed in this column. Brief contributions on current topics of general interest are welcome. They will not as a rule be printed unless accompanied by the name of the writer, which, if desired, will be withheld from publication.

A STATEMENT.

To the Editor of The Tribune:

Kindly inform the public mind on the shipyard strike. We are on strike because of the unwarranted tactics of a few so-called leaders. The decent element who are forced out because of gag rule wish to return to work, but are not given a chance to do so because of threats. It is an outrage that men with families who are the mainstay of this community have to follow the leadership of a few irresponsible trouble-makers. It is well that the people of Oakland know the decent element are ready to have their grievances settled by arbitration.

It is well that the people of Oakland know that organized labor has promised us no financial aid. We are now placed before this community as a body of men seeking charity, not work. This theater benefit is a charity problem and many of us do not approve of it.

Please publish this so that the people of this city will know that there is some thoughtful manhood amongst us men who are anxious to return to work and adjust their troubles on the job and with their employer.

J. B. BURNS.

Oakland, March 14, 1917.

STILL POURING OUT MONEY.

A week ago the British demonstrated their loyalty to their government and their confidence in ultimate success by oversubscribing what they called the "victory loan." They raised a total of nearly \$5,000,000,000—sufficient to wipe out all existing deficits up to April 1, and to carry on the government and the war for some months thereafter. Now the German people retort in kind.

Saturday the Reichstag, by almost unanimous vote, approved a 15,000,000,000 mark war credit (not quite \$3,600,000,000). Only a few of the more radical of German Socialists opposed, while their fellow members gave added proof of the solidarity of the empire. There were heated debates, of course, and much recrimination, but the government bill went through with an ease which evidenced confidence of the German people in their financial strength and in what the future holds for them.

This new war credit increases by no less than 20 per cent the war taxation in the budget presented to the Reichstag. It supplies funds to supplement those voted last October and now nearly exhausted. It means that Germany has the will to fight, and the funds to fight with for months to come. None knows how near peace may be, but there is no evidence to-day that any of the belligerents are thinking of laying down their arms.—Cleveland Plain Dealer.

OTHER DAYS.

Other days—
How they get our passing praise!
We exclaim
That the game
—Played of old was not the same.
It was fair,
It was square,
No suspicion lingered there.
Men of yore
Drank and swore.
Graters rubbed behind the door,
Fortunes made
In queer trade.
Impudently were displayed.
It is strange:
But for change
Valued through the past we range.
Same old days;
Same old ways;
Same old Cain—that now we raise.
—Washington Star.

MILITIAMAN'S PRAYER

(On the Border.)

"O Lord, we're not going to ask much, for many of us know not how to pray." But we do need help, down here on the border, and we pray that Thou wilt please send a lot of peanut shells down here as head coverings for our officers. We are sure, O Lord, that peanut-shells will cover entirely their brains, and, in most cases, be too large.

"We ask most humbly that they be instructed to drill themselves first, before attempting to drill us." "For, O Lord, after three weeks in a hot desert sun, drilling five hours a day, a regular army sergeant came around and told us we were doing everything wrong, and he showed us in five minutes an easier way and gave us orders we could understand and learn quickly.

"Show our officers how they can feed men and give them enough to eat on the 24 cents a day our government allows us.

"We know it can be done—our regular army is proof of that; but clerks, salesmen and floorwalkers, who are capitalists and lieutenants in these outfits, know not how to do it, and so we suffer for their ignorance, and while they get from \$150 to \$250 a month, we who are willing to fight for our country, little as we know how, get only \$15.

"O Lord, then we ask that Thou send us cooks who can cook, not fact-

tory men or chauffeurs who think they are cooks, and who bake our beans half enough; and bakers, send us, who can bake bread that does not weigh three pounds to the slice—wet and soggy.

"Send us a quartermaster-captain who knows how to order supplies and when to order them, for we need food every day, O Lord, not three days a week.

"And, O Lord, in closing, we ask that Thou take the 'shave-tail' lieutenants out of the regular army, and make them colonels in our National Guard, for they know how, if only a little, to take care of us and feed us; and take sergeants and corporals from the regular army and make them captains and lieutenants, for they know how to drill us.

"We love our country, our freedom, and our flag—the proof of this is we are here ready to fight; but, O Lord, we ask in exchange for our time that we be taught by competent instructors and fed and clothed by those who know how.

"We realize we have asked little, and still, O Lord, it means a great deal to us; we are not chronic kickers; we don't want porterhouse steaks nor even milk or sugar in our coffee; but we do want and most humbly ask the treatment, the food and care that is given to our regular army soldiers."—Everybody's Magazine.

TODAY 20 YEARS AGO

"Bob" Fitzsimmons was hailed as the champion lightweight pugilist of the world after defeating Jim Corbett of San Francisco, known as "Pompadour Jim," at Carson today. They fought fourteen rounds, Fitzsimmons knocking Corbett out with a terrible left-hand jab on the solar plexus.

At the regular meeting of the board of police and fire commissioners the fire department was authorized to hang the fire-bell in the tower of the Sixth street engine house.

The University of California rifle team has been forbidden to use the rifle pit at the back of the chemistry building because of the fact that the children of Professor Stringham, whose home is on the hill just above the pit, were disturbed by the reports of the rifles.

A SNAKE STORY.

Same old stuff!—For several years W. E. Noble has freighted mine supplies through the Calico Canyon in Nevada. On his last trip, early in December, his wagon broke down, and as it was nearly time for camping, he hobbled his mules, built his fire, supped and rolled himself in his blanket and went to sleep. Toward morning he awoke, kicked the embers together and then noticed, against an enormous rock on the other side of the fire, a coiled rattlesnake, now aroused and threatening. The instant shot from Noble's revolver passed through the snake's head and struck the rock, chipping off a large scale and revealing, in the light of the fire, some glittering substance. Noble's experienced eyes told him that it was gold. With his ax he chipped off a few pounds of the mixed rock and ore, rode one of the mules into Elko and got an assay. It showed \$150 gold and 900 oz. of silver to the ton. Two or three days blasting into the rock revealed a true rich vein, and a party of men paid him \$50,000 cash for his claim. Noble has driven past that rock some scores of times, and prospectors have prospected all through that canyon. Had the rattler been two feet to the right or left of where it was, that rich deposit would still be an unknown and unworked vein.—Engineering and Mining Journal.

THE JESTER

Did Uncle Smile?

Mr. and Mrs. Tompkins had "expectations" from their rich old Uncle Edward. So, when he came to them on a few days' visit, they prepared to do all they could to make a good impression, and commenced by meeting him at the station.

"On the way home in a trolley car, to a Boston suburb they encountered their only child, also named Edward, to sit on the old gentleman's knee, or, as he was stout, as much of it as was available. Presently the small boy slipped from his perch and sided over to his mother. "I don't think I want to sit on uncle's knee any more," he said, in his clear, treble voice.

"Oh, Teddy, why?" said mother, in shocked tones. "Teddy eyed his great-uncle aggrievedly. "Because every time he breathes out he pushes me off!" he complained.—Boston Post.

A Necessity.

An Indianapolis woman had a man cleaning the yard for her. His wife had been dead for several years and he might be fairly regarded as on the market once more. So his employer seized a favorable moment and proceeded to sound him.

"John," she said, "you're a good, steady man, and ought to have a home of your own. Lots of women would be glad to have you. Why don't you get a wife?"

Precautions.

"You make your heroine singularly unattractive, old chap."

"Well, I don't like to do it, and I presume it hurts my vogue. But my wife is a trifle jealous and—well, you know—safety first."—Louisville Courier-Journal.

Pot and Kettle.

Wife—You don't realize how miserably weak you are. Why you can't pass a saloon without going in.

Hub—And you can't pass a military shop.—Boston Transcript.

CHINESE IN PISTOL DUEL IN TUNNEL

SAN FRANCISCO, March 15.—While all of Chinatown is resting under arms with doors barricaded and tongues fearful of an assassin's bullet, highlanders ventured forth this morning and precipitated a revolver duel in the middle of the Stockton street tunnel. At least a hundred persons were passing through the tunnel at the time the guns barked forth and all hastened out of range as two Chinese, who had been lying in wait for a third, began their attempted assassination. It is presumed that a Bing Kong man was the intended victim and that his assailants were members of either the Hop Sing or Sney Sing gangs. The lone Chinese was making his way northward when the two men who had been on the opposite side of the car tracks, opened fire. The victim ran, and when he reached the Sacramento street entrance turned and emptied his own gun at his assailants. He then fled into Chinatown's maze of narrow alleys and got to cover. The gunfighters, who also had spent all their ammunition, fearing possible pursuit, climbed the stairs to California street, fled through Joyce place and thence across a vacant lot where one of them threw away his gun. Officers of the Chinatown squad pursued, but the abandoned pistol was their only reward. The firing was seen and reported in details by F. P. Cooney, in charge of a gasoline service station at the entrance of the tunnel.

TWO MEN KILLED.
LOVELOCK, Nev., March 15.—Two Chinese, Lee Chow and Lee Kay, both well to do, were killed in their homes here last night by two men of their own race who immediately made their escape, though chased by officers. The police believe the murders are the outcome of the tong troubles on the coast.

YOUTHFUL MUSICIANS DEMONSTRATE ABILITY AT UNIQUE RECITAL

By Ray C. B. Brown.

Musicians in the making are generally regarded by the community at large as disturbers of aural peace whose nerve-shattering repetitions of phrases and sins against harmony are grimly endured for the sake of future perfection. In Utopia, I doubt not that provision is made for isolated conservatories to which musicians resort for their hours of practice—at least, until they have attained a proficiency which renders them exempt. Musical artists are made and not born. This natural equipment and the musical faculty are innate, but the process of bringing them to perfect expression is more or less painful. But it is a process as inevitable as growing pains, and that community is wise which fosters and encourages every latent bit of musical talent discoverable. The more attention is directed to the musical training of youth and the higher the standards set by the community, the shorter becomes the probationary period.

The excellent work that is being done along this line in the Oakland schools under the direction of Glenn H. Woods was demonstrated in the Auditorium Opera House last evening, when the combined high school bands

and the boys' chorus appeared in concert. The sight (and sound) of sixty-five instrumentalists and fifty vocalists instinct with enthusiasm in the pursuit of an art were inspiring to those who foresees and plan for a musically cultured Oakland.

Technical criticism steps aside and is silent on such occasions. The deficiencies and over-emphases are as well known to the instructors as they are to me. They are the transient blemishes incident upon progress. The fine thing about the concert was its revelation of the spirit at work in the classrooms of our schools. There was not a perfunctory moment in the program. The boys played and sang as though music were a vital part of their lives and not a mere item in the curriculum. Moreover, the evidences of careful training and of promising technical facility were more than superficial.

The music making of the youths came from the heart, showing that a very real interest in music itself is in the fabric of their work. Their errors were on the side of the zealous rather than the lackadaisical. But that is to be expected for the last thing an artist learns is restraint.

Mrs. Eddy's Trustees Refused Trade Mark

SACRAMENTO, March 15.—Secretary of State Jordan today refused to issue a trade mark as applied for by the trustees under the will of Mary Baker Eddy. The trade mark requested was a cross and crown surrounded with these sentences: "Heal the Sick, 'Raise the Dead,' 'Cleanse the Lepers,' 'Cast Out Demons.'"

In refusing the trade mark, the secretary of state wrote: "The law of California has made no provision for the registration of legends. Neither does the law of California contemplate that any one may obtain exclusive use of the symbolic cross and crown for commercial purposes."

Short Larder Charged in Plea for Divorce

Pawned jewelry, unredeemed pledge tickets and a short larder figured in the testimony of Mrs. Harriet Kelley yesterday before Superior Judge William H. Donahue, who interrupted the jury trial of the California State Life Insurance Company against D. J. McCarthy, which has been pending three years. To hear the wife's story of cruelty against Dr. Norman D. Kelley of Berkeley. In a fifteen minute session after 2 o'clock, and while the jury was enjoying a recess, the court heard the Berkeley woman detail her troubles.

Dr. Kelley is the son of Rev. John Kelley of the Episcopal diocese and is a practicing dentist in San Francisco. The couple have two children.

Local Man Sought as Suspected Spy

SAN FRANCISCO, March 15.—H. L. Gump, indicted in New York for conspiring with Captain von Papen, former German agent, to start a revolt in India, is well known in San Francisco. On the final voyage of the Mongolia to the Orient August 25, 1915, Gump was a passenger, his ticket having been furnished on order of the Hamburg-American line, which causes the belief that Gump might have been operating under von Papen at that time. On the trip he left a trunk at Hong Kong and when he claimed it later it had been opened, probably by British investigators.

Carranza and Villa Forces Meet in Battle

WASHINGTON, March 15.—A battle between Villistas and Carranzistas lasted from 9 o'clock Tuesday to morning until well after noon yesterday, was reported to the war department today by the commander of the United States forces at Nogales.

OPIUM RING QUEEN TAKEN DURING RAID

Pong Wong, known as the "Queen of the Opium Ring" in Oakland, and Sing Joe, a tongman who has been closely associated with her in the practical control of the illicit trade in drugs in the local Chinese quarter, are in jail as the result of a raid made yesterday by U. S. Marshal of the State Board of Pharmacy, Chief Inspector Cahrmack, and a small posse of men on the premises conducted by the woman at 313 Sixth street. A 12-year-old son of the woman, who has been acting as an assistant in bringing in habitual drug users to his mother's rooms, was also arrested, but he was later released at the request of a teacher and a minister who have been interested in him.

CONDUCTS DRUG JOINT.
Pong Wong, who is the wife of a tongman implicated in the recent disturbances, has been conducting an opium and cocaine establishment at Sixth and Harrison. The house, which is one of the old residences dating back a quarter of a century, is well suited for the purpose to which it has been devoted, being situated quite a distance from the usual haunts of the Chinese and thus more protected from suspicion.

The inspectors of the State Board of Pharmacy have had the place under observation for some time. The final evidence that led to the raid was obtained by watching the movements of Pong Wong's eldest son. She has three children who attend the Harrison School. The eldest had, 12 or 13 years old, was employed by her as a "drummer" of customers. The habitual users of the drugs would congregate in the park opposite the house, and in the afternoon the lad would go out into the square, round up the men and take them into his mother's place.

POSSIBLE MAKES RAID

Yesterday afternoon he was watched as he made his usual "drive," and as soon as the last straggler had disappeared the place, the posse surrounded the place. Eighteen men were found on the premises, and large quantities of cocaine and opium, complete smoking paraphernalia, pipes and opium, cards were seized. The men were not arrested, as the State Board of Pharmacy is concerned only with the punishment of violators of the state laws forbidding the sale of the drugs.

Shortly after the raid Sing Joe, who is alleged to be an affinity of Pong Wong and her chief associate in the local dissemination of drugs, was arrested at Tenth and Broadway. He was heavily armed, having several revolvers and a knife on his person. Another raid was conducted on a house at 315 Eighth street, where a quantity of drugs was seized.

WATCHMAN IN PALACE OF ARTS SHOT

TRIBUNE BUREAU
SAN FRANCISCO, March 15.—"Hello, police! Help! This is the Palace of Fine Arts. Two men here got me, but I got one of them. Come at once. I guess it's all off with me."

This message, received over the telephone at 2:30 o'clock this morning in the North End police station, sent Corporal Harry Justice and Patrolmen Harry Doyle and H. W. McCormick speeding in an automobile to the old Exposition grounds. Forcing their way in through the locked door at the main entrance, they found Night Watchman John F. Hall of 4319 Geary street half conscious under the telephone on the floor of the office, bleeding from a bullet wound in the left shoulder and a deep scalp wound caused by blows from the butt end of a revolver.

In broken sentences Hall gasped out that two men had succeeded in obtaining entrance to the building and were about to carry off some of the antique jewelry or rare tapestries of the Hearst loan collection. When he interrupted them, a duel in the dark ensued in which Hall and one of the robbers were wounded. Hall, grappled with one of the intruders and was beaten over the head. A trail of blood through the main entrance showed where the wounded man had made his escape.

DUEL IN DARK

After Hall's wound had been dressed at the Central Emergency Hospital, he told his story more in detail.

"I heard a noise in the wing containing the antique jewelry collection, which I understand is valued at \$60,000. I started to investigate, and I had no sooner passed through the door of the room when someone shouted:

"Throw up your hands!"

"I drew my revolver and fired toward the voice. At the same time two shots were fired at me and a man hurled himself upon me. I went down with him on top. I struggled and tried to work my revolver around so that I could get a shot at him. The other man kept shouting 'Get him, Tony!'

"Finally my assailant got his arm free, shoved his revolver down against my shoulder and fired. I guess he thought that he had finished me, because he got up. Relieved from his weight, I turned and tried to rise. As I did so, he struck several blows on the top of the head. I was dazed, but I managed to fire several shots, and in the confusion in which I could hear the men going away.

ROBBERS WOUNDED

"I am sure that one of my bullets took effect, because I heard one of them cry out. I crawled to the telephone and called the police. During the time I was in the building through a window near the entrance to the office in the north wing. The door through which they fled was close to this window. As they went they slammed the door and the spring lock caught, making it necessary for the police to break their way in.

WHAT IS DOING TONIGHT

I. O. O. F. meets, Temple.
Romany Hiking Club's annual dinner, Y. W. C. A.
A. W. C. A. meets, Shamrock social.
Oakland Elks hold social.
Sacred Heart St. Patrick's celebration, Sacred Heart Hall.
Shredded wheat factory opening celebration.
President Parlor twenty-ninth anniversary banquet, N. S. G. W. Hall.
Max Thelen speaks, open meeting, Institute of Bankers.
Oakland Review No. 10 holds whist tournament, Porter Hall.
Labor Club meets, California Hall, U. of C.
California Trio concert, Hearst Hall, U. of C., 8:30.
Rev. Dr. J. Nieto lectures, Oakland Grove Lodge, F. and A. M., Alameda.

I WILL BUY

Shotguns, Rifles, Pistols, Drawing Sets, Musical Instruments, Field Glasses, etc. 928 Broadway, Ph. Lake 2161.—Advertisement.

BEAT HIS WIFE

Any man can beat his wife all holler by entertaining at the Saddle Rock. Full course dinner \$1. Music, dancing and entertainment in care of very moderate prices. If you prefer.—Advertisement.

PARTIES ADD TO H. C. L.; "MOVIES" SOLVE PROBLEM

LOS ANGELES, March 15.—And here's another way to beat the High Cost of Living.
"Stop entertaining," says a well-known Los Angeles matron, who was formerly widely known for her hospitality and frequent entertainments.
"We used to have dozens of callers every week. Card parties or musicals were nightly events. We enjoyed it immensely, except around the first of the month when the bills came in."
"Now we've stopped. We don't entertain, and we don't go out ourselves. My husband and I go to a picture show a few times weekly, and to church Sunday night. We get more real pleasure out of each other's company than we thought possible. We are saving money, too."

MISS WOOD TO TALK

MELROSE, March 15.—Miss Rennie J. Wood will talk on child labor at a meeting of the Melrose Heights Parents' and Teachers' Association in the Melrose Heights school at 2 o'clock tomorrow afternoon. Mrs. Elmer Hensley will sing, accompanied by Miss Myrtle Kates. The meeting will be of a social nature.

STRIKERS IN RIOT; MANY ARE BEATEN

ST. LOUIS, March 15.—Two private watchmen were stabbed, one man was shot and seriously wounded and a score of striking brickmakers were less seriously injured this morning in a riot at the plant of the Evans & Howard Firebrick Company here. Teachers' Association in the Melrose Heights school at 2 o'clock tomorrow afternoon. Mrs. Elmer Hensley will sing, accompanied by Miss Myrtle Kates. The meeting will be of a social nature.

TAFT & PENNOYER COMPANY

Khaki-Kool

THE SPORTS SILK PAR EXCELLENCE

Each shipment of this wonderful fabric seems to rival the previous one. For sports wear there appears to be nothing that can exactly fill its place.

The new block patterns are exceptionally stylish as are moon spots, rings, stripes, cog wheels, coin spots and golf effects of multi-colored spots.

The smartest colorings include oyster white, violet, reseda, beige, jade, silver, rose, Patricia, canary, royal purple, gold, Capri and china.

The newest effects are shown in our large Fourteenth street window. This fabric comes in full one-yard widths.

Plain colors are priced at \$3.50 the yard. Fancy effects are priced at \$4.00 the yard. Silk Section—First Floor.

\$1.15-Sport Hosiery-\$1.15

Another shipment of this very popular hosiery has arrived. Striped, plaid and other patterns in this high grade silk stocking. They are fresh and attractive in pattern and arrangement of color.

Priced attractively at \$1.15 the pair. Hosiery Section—First Floor.

Picture Sale—45c Each

COLONIAL STUDIES—ANTIQUA GOLD FRAMES

There is a great many subjects from which to select in the display of pictures at the above price. The complete picture is sized 8 by 8 inches and is mounted on a paneled mat.

Priced at 45c each.

A splendid collection of hand-colored Gutmann studies, framed in a wonderfully attractive manner is also on sale.

Priced at \$1.00 each. Frame Section—First Floor.

Real Value in the Linen Section

Hemstitched huck towels, all pure linen, 18 by 36 inches. 35c

Hemstitched damask table cloths, all pure linen, double damask—2 by 2 yards. \$4.50 2 by 3 yards. \$6.75

Snapshots of Incidents in the Thrilling Story "Up the Old Oak Tree"

At the left, LESLIE MANN, the fastest chap in the national circuit, is hustling back to first where Bobby Meusel is awaiting the pill. The center picture shows CHESTER CHADBOURNE getting away from the plate fast in an effort to beat out a ball to the infield. At the right, JACK SHEEHAN has been caught off first on a snap throw from Nick Carter. VIC SAIER is putting the ball on him.

Inman Boxing Bill Defeated in Senate

SACRAMENTO, Cal., March 15.—The Senate by a vote of 25 to 8 defeated Inman's bill creating a State athletic commission for the regulation of boxing and wrestling matches. The bill was reported to the upper house by the public morals committee without recommendation. It was defended on the one hand as an encouragement to healthful sport, and opposed on the other as an entering wedge in the cause of professional pugilism.

ST. MARY'S LOSE, 4-1. The pitching of Southpaw Dimmock featured for California yesterday in securing a 4 to 1 victory over the St. Mary's Indians nine. The score: R. H. E. California..... 4 9 1 St. Mary's..... 1 4 2 Batteries—Dimmock, Gimbal; Collins, Johnson, Brandon and Moy, Wirt.

KAN YEN WON'T BE BEAVER. HONOLULU, T. H., March 15.—McCredie will do without a Chinese catcher this year, for Kan Yen has nipped up the contract offered him. The Chinese receiver has a good job here and doesn't want to leave.

BOWLING

The Moose club won two games out of three from the Chevrolats last night on Herold's alleys. In the A class of the East Bay Bowling Association.

U. C. BEATS POMONA. LOS ANGELES, March 15.—The University of California and Pomona college track and field teams battle this afternoon at Chino. The U. C. is expected to win although Coach Christie fears an attack of stage fright as this is their first big meet this year.

Wolverton and His Seals Desert Camp

SAN FRANCISCO, March 15.—Harry Wolverton came in from Sacramento this morning with sixteen of his Seals and will work out at Loring field this afternoon. Harry wants the boys to have a little practice on the grass before the encounter with the Cubs tomorrow. Yesterday in Sacramento there were two stiff work-outs, and the Seals will show up probably in the best of shape. One year ago at this time they had just started their practice work. Now they are in better shape than they were when the 1916 season opened.

'Red' Powers Will Captain Marysville

Andrew "Red" Powers, the local boy who made such a hit with the Orioles last season when he took over the management of that club and converted it from a consistent loser to a winning combination, will play short and act as captain for the Marysville club in the Trolley League for the coming season.

WEEGHMAN SHOULD TAKE OAKS BACK AND LEAVE CUBS HERE

Adams Goes Back to Pirates; Duff Lewis Signs Contract; Baseball News Takes a Big Leap Upward on 'Change

INSIDE STUFF BY BILLY FITZ

DEL HOWARD'S "bunch of bushers" (copyrighted by San Francisco press) showed all the earmarks of uncouthness and lack of polish in their first appearance among Oakland fans, and today they are being regarded up and down the circuit with pained surprise. They were crude enough to lick the combined forces of the Chicago Cubs just an hour and a half after being introduced, which is no nice way to show one's hospitality.

By way of adding insult to injury, the Oaks made bums out of their guests: with Charley Weeghman, millionaire owner, sitting in the press box surrounded by the flower and chivalry of Chicago sporting writers, and with Manager Fred Mitchell stationed at one corner of the diamond and Assistant Boss Jimmie Sheehar acting as the other man. Moreover, the Oaks picked out Dutch Reuther, a Native Son, as the particular object at whom to direct their overt act, and they threw so many moths on the young Teuton in the eighth round that his uniform looked like a lace curtain. He was forcibly transferred to the shower baths and the camphor closet after Howard's gang had hit all around once, scored six runs and were breezing along at the rate of one marker every five seconds. Scott Perry, who succeeded to the throne, was treated just as shamefully, only Bobby Meusel got careless in legging for the plate with Leslie Mann holding the pill in left field, and Leslie shot him at the plate. It was one grand and glorious celebration—a cannibalistic revelry over a major league pot roast. Being bushers, Howard's men could not be expected to show the same consideration for their guests as has been so kindly displayed by the Coast Leaguers down South. But give them time—they may learn, they may learn!

Aside From Insult to Their Guests, the Oaks Celebrated Day Quite in Customary Fashion

Apart from licking their visitors 7 to 2, and accomplishing the feat in one inning after two were out, the Oaks opened the spring exhibition season with considerable eclat. There was the indispensable automobile parade with all the curiosities of both clubs—including the newspaper men—getting an eyeful of the scene. Likewise, there was the usual band, which sang once and then came down to the ballpark. Foghorn Murphy pointed out all the celebrities. Perle Casey made his debut as an ump, working with Ed Finney, and approximately 2500 people came prepared to be thrilled by Weeghman's pennant chasers, and went away rubbing their heads in a dazed sort of fashion.

The Oaks' offensive was crowded into the eighth inning, when, with one down, Callan hit sharply to left, Krause singled through short and Chadbourne flew to left. Dutch Reuther occupied all the island by walking. Menzies and then passing Lane to force home Callan. Hack Miller waited until he had three and two on him, and then swung on "the cripple" as it came he walked down the alley. By the time Cy Williams had retrieved the pill Hack Miller was dusting off his pants at third and the gang was throwing a fit. Murphy then singled to left and stretched it into a double when Leslie Mann rolled the pill back to the pitcher. The blow scored Miller. Murphy scored on Sheehan's hit off Scott Perry, who replaced Reuther. Menzies walked, and then Callan and Krause each got their second hit of the inning. Meusel was nabbed at the plate trying to score on Krause's drive.

"Hack" Miller Is Leading Man in Thrilling Drama "How We Do It in Old Winnipeg"

It was the Winnipeg firm of Miller, Sheehan and Lane that was particularly offensive in its conduct towards the distinguished visitors. The trio collected three runs, five hits, five very important putouts and hogged out a considerable part of the game. Hackenschmidt Miller, who gets his morning exercise by pulling up oak trees by the roots, was particularly nasty in his behavior. It was his triple to the clubhouse in the eighth inning with the waiting stations all jammed that put the skids under the Cubs. In the round before he had nearly cut "Dutch" Reuther in two with a vicious shot through the pitcher's box. Mr. Miller got his revenge in the first inning when he sauntered over to the foul line in right field to trap a fly that Steve Yerkes had despatched in that direction. He discovered that J. Cal Ewing had a cabbage patch laid out between the foul line and the bleacher railing and that Groundkeeper Kelly had fenced it off with wire. Mr. Miller didn't discover the cabbage patch until he fell across the wire and Yerkes had no room to negotiate second base. Thinking to further harass the Oak strong man, Deal, the Cub recruit third baseman, opened the second inning with the same sort of a fly ball to the cabbage patch. "Hack" raced over, cleared the fence with a wild leap, missed up the cabbages and caught the ball. Thereafter the Cubs didn't get in that direction—do what they liked, Miller was permitted to remain in dignified repose so far as fielding was concerned.

Question Now Is: Which Team Shall Weeghman Take Back to National Circuit?

After the game was over Del Howard walked over and gossiped with Charley Weeghman. He doubtless wanted to apologize for the conduct of his young bushers. The Chicago millionaire was a rather worried look in addition to his customary attire. He had just seen the pick of his squad kicked around by bushers and he wasn't at all certain whether he shouldn't leave the Cubs here and take the Oaks back with him to Chicago.

Del and Weeghman are old pals, too. Howard was a member of the Cubs in the days of Johnny Kling and Chick Fraser, and was one of the habitués of Weeghman's no-nonsense million-dollar restaurant. The millionaire restaurateur bought from old Cap Anson. Anson couldn't make a success of the place, but under Weeghman's management it was a favorite rendezvous for sporting men.

Leslie Mann Pulls a Clever Double-play and Then Shows Ivory Isn't Always in the Bushes

A taste of major league stuff was handed the Oaks right off the bat in the first inning, when Leslie Mann, Cub left fielder, tricked Howard's men into one of the queerest double plays seen in this circuit, and he pulled it off on Chadbourne and Menzies, both of whom are rated as brainy players. Chadbourne, particularly usually has his wits about him, but he was badly crossed this time.

With Chadbourne on second, Menzies on first and none out, Lane lofted an easy fly to left. Both runners naturally held their bases, and Mann, seeing this, suddenly drew back as the ball neared him and took it on the pick-up instead of the fly. Then in that direction—do what they liked, Miller was permitted to remain in dignified repose so far as fielding was concerned.

Bang! Bang! Swat!

Ortega and Morgan to Battle Tonight

Tonight, Frank Carter will stage an open air show at the Eighth street arena, San Francisco. In the main event Jack Morgan, champion middleweight of the southern part of the State, will battle Ortega. Frankie and Bonnie Tucker are both on the card and their performances will be watched with interest. In the Mexican Kick Carter will box Jack Watson, another newcomer from the south. In one of the best four-round welterweights on the Pacific coast Valley Trambitas of Portland and Battling Ormsby of San Francisco will meet. The feature event of the Parkside club's show at Dreamland tomorrow night, Jimmy Marshall, a pair of very shifty little burlers, are down on the list for the semi-welterweight.

Kid Herrman Puts Out Jimmy Lewis

SAN FRANCISCO, March 15.—Kid Herrman stopped Jimmy Lewis in the main event of the Association Club fight last night. Herrman had all the better of the argument, and in the fifth round Lewis' seconds admitted defeat. The Suller Stewart-Louis Brown match was stopped in the first round by the referee and declared no contest, action the spectators applauded. Joe Thomas beat Johnny Valez in the substitute match. Other results were as follows: Danny Crawford vs. Johnny Kilbane, draw. Willie Daley won from George Brannon. Billy Perkins knocked out Charles Roman, second. Charlie Doyle vs. Henry Koster, draw. Willie Johnson stopped Jimmy McDonald, first.

Willie Meehan to Box Tommy Burns

BAKER, Ore., March 15.—According to Charles N. Ryan of Portland, Tommy Burns has signed articles to meet Willie Meehan of San Francisco over the four-round route at Seattle, April 25.

INDIANS TRIM SAINTS.

SAN JOSE, Cal., March 15.—The Spokane team of the Northwestern League defeated the University of Santa Clara, 3 to 2, in a spring training exhibition at Santa Clara.

"Pop" Arlett Looked Like a Million Dollars in There, But Nick Carter Was a Hero Too

There is no telling what would have happened yesterday had Howard and Mitchell permitted their original pitching selections to fight it out to a finish. For Nick "Pop" Arlett, who had their opponents shut out during the first five innings after which they banded the victory to the Oaks. Reuther and Harry Krause, Carter is the big right-hander who coupled up with Rowdy Elliott as a very sweet battery last fall in Chicago. Sheehan and Lane each nipped him for a hit, but that was all the damage he suffered. Pop Arlett allowed five hits, one of which was due to the right field cabbage patch. His work on his splitter almost continually had perfect control and looked like a million dollars. "Pop" is now in line for a regular job with the Oaks and may prove to be the "Speed Martin of 1917."

Warren Adams Is on His Way to Georgia, Enjoying Eight Thousand Miles of Scenery

Warren Adams—the kid first-sacker from Winnipeg—is on his way to the Pirate training camp in Georgia, Jimmy Callahan having flatly refused by wire to permit the Oaks to retain him. Warren establishes a world's record by consuming 8000 miles in going from Winnipeg to Georgia, but he says he enjoyed the scenery immensely. Adams may be the first base and handle the throws of Shortstop "Chuck" Ward, which would be some dose for Pittsburgh fans to get accustomed to.

Painless Parker---Outlaw His Confessions

CHAPTER LXXXIV
S t a t e Senator Edgar A. A. from the Fortieth District, San Diego, has in bill No. 110, in the Legislature, a measure for the complete alteration of existing dental laws. The bill, embodying a number of public health measures, is a sweeping proposal to place in the hands of three laymen the control of all these and sundry professions in the State, and it particularly provides for a reciprocal arrangement whereby diplomas and credentials from other States will be accepted here upon their face value, provided the standards of the other States, which issue them, are as high as those of California.

It is a very interesting commentary on the claim, made by the Secretary of the State Board of Dental Examiners, that this legislation is in any interests so that I may pay practitioners in my office \$75 per month—Luce Senator—on the sole authority of his bill, but that I did not know anything about the existence of such a bill when I asked Senator Scott to introduce my own measure. It is interesting, too, to note what the bill is much more liberal in its provisions than is the Scott bill. I do not know of any persons who are particularly interesting themselves in my bill," writes Senator Luce in response to a query. "It was merely an idea of my own."

Does the secretary of the State Dental Board want to accuse Senator Luce of conniving to fix the state law so that Painless Parker will be able to run a lot of dental sweat-shops? Does he want to blame Parker for the secret and wickedly scheming to ruin the ancient and honorable trade of jaw-jabbing in our fair State?

S Senator Luce is a lawmaker with an enviable record as a constructive thinker, a force in the Progressive party and, certainly, a man who would chafe at association with any form of conspiracy with an unscrupulous "chamion."

And yet, Senator Luce, of his own volition, has out-Painless Parker by framing a law which goes further than even Parker's distorted mind dares to stretch. Might it not be possible that, in this proposed new law, he is following the existing laws and that the voice of the people is now to be heard in no uncertain tone, protesting against a system whose many injustices cry loud for correction.

(To Be Continued)

PIEDMONT FISH OUTSWIM CARDS

Take Revenge for Two Defeats by Decisive Victory Over Stanford Team.

Piedmont's swimming team won every first place but the diving and plunge for distance in the 10th meet with the University of Stanford last night at Piedmont Baths. The score was Piedmont 44, Stanford 35. The dependable quartet, Grace, Sundman, Spencer and Kendrick was never better. Grace won the 50 and 100 yard Suits and saved the locals in the relay. Spencer came back, winning the 220 and 440 yard races from Green and Stanford; Sundman won the 1000 yard breast stroke, and Kendrick scored a first in the back stroke.

SPENCER BEATS GREEN. The best race of the evening was the 440 yards, in which Walter Spencer and H. Green, the stocky Stanford merman, put on a grueling duel. For twelve laps the two men swam stroke and stroke, with no advantage on the turns. On the thirteenth turn, Spencer gained a little advantage until the fifteenth lap, when the Stanford boy sprinted to even terms. In the last lap the two men raced to the finish with Spencer just a touch ahead. This reverses the defeat the local boy suffered at the hands of the Cardinal swimmer at Stanford three weeks ago. The work of Eddie Hart, the new Piedmont breast stroke man, caused a lot of excitement. The new man gave Gunner Sundman a great race in the stomach paddle, placing second in the event.

PIEDMONT WINS RELAY.

A fitting climax came in the relay race in which the Stanford team swam with a good lead for the first three laps. In the last stretch Grace dived with a two-yard handicap behind Art Penningham, the local star. The Cardinal team made the great local sprinter overtook the speed—"Farm" swimmer five yards from the finish and won the race by a foot. This also makes up for the defeat at Stanford in this event. The results: 50 yards—first, Grace, S. Time, 23.1-5. Second, Penningham, S. Time, 23.1-5. 100 yards breast stroke—First, Sundman, P. Time, 2:02. Second, Hart, P. Time, 2:02. 220 yards—First, Walter Spencer, P. Time, 3:17. Second, Green, S. Time, 3:18-3-5. 440 yards—First, Spencer, P. Time, 6:15-3-5. Second, Green, S. Time, 6:15-3-5. 1000 yards—First, Kendrick, P. Time, 1:20-1-5. Second, Jackson, P. Time, 1:20-1-5. 1500 yards—First, Walter Spencer; second, Green, S. Time, 2:46-2-5. Plunge for distance—First, Ostrander, S. Time, 1:10-1-5. Second, Kendrick and Grace. Relay race won by Piedmont team (Hart, Jackson, Kendrick and Grace). Time, 45-2-5.

Willie Meehan to Box Tommy Burns

BAKER, Ore., March 15.—According to Charles N. Ryan of Portland, Tommy Burns has signed articles to meet Willie Meehan of San Francisco over the four-round route at Seattle, April 25.

INDIANS TRIM SAINTS.

SAN JOSE, Cal., March 15.—The Spokane team of the Northwestern League defeated the University of Santa Clara, 3 to 2, in a spring training exhibition at Santa Clara.

—but pleasing your taste isn't all

Not by a long shot! Because lots of cigarettes may please your taste—you've never expected a cigarette to do more than that.

But Chesterfields do something else besides please the taste—

Chesterfields just "touch the spot," they do what cigar smokers say a cigarette can't do—they "SATISFY!"

And yet, they're mild!

It's the blend—that's the idea! That, together with the extra high-quality of the imported and Domestic tobaccos. And the blend can't be copied.

If you want good taste in a cigarette, and then more than that: a cigarette that "satisfies"—try Chesterfields, today.

20 for 10¢

Regatta Alpha Tobacco Co.

Chesterfield CIGARETTES

of IMPORTED and DOMESTIC tobaccos—Blended

They Satisfy!—and yet they're Mild

Lux with hot water is perfect for woolens. No rubbing; no friction; leaves woolens and flannels so soft, so fluffy.

Lux will cleanse silk underwear without turning it yellow. Read the directions for SILK fabrics below.

A Wonderful New Product

Won't shrink woolens! Won't turn silks yellow! Won't injure even chiffons!

NOTHING else like it made anywhere. Not a soap powder. Not a chipped soap. Not a cake of soap! But wonderful, pure essence of soap in flakes! Even in looks entirely different from anything you have ever seen. Ready to use; no shaving or chipping required; pour boiling or very hot water over the flakes, whisk into a lather, and instantly you get just the rich, creamy lather you have always wanted. Dissolves dirt and cleans perfectly *without rubbing*.

Pure Essence of Soap in Flakes!

This wonderful new product is not only new, different, but it actually *looks* different.

The moment you open the package, you will discover that you have never seen a soap product anything like Lux.

Lux is made in the form of flakes. These flakes are thin, delicate, pure, actually transparent. They dissolve immediately in hot water. This makes Lux unequalled for the

Made by a special formula, and special machinery controlled by the makers of Lux.

These flakes won't hurt any fiber, whether cotton, silk or wool! *Can't injure anything that pure water alone won't injure.* Order a package today and make some of the tests shown below. That is the way to settle for all time the product you will use for all fine laundering.

Lux positively won't shrink woolens. It leaves your sweaters, blankets, crocheted articles, all your woolens, just as they were when new!

How to wash woolens so they will not shrink

Woolen fabrics differ wholly from any other fabric. In wool, the surface of each fiber is made up of scales, overlapping like tiny fish scales.

Ordinarily, when wet, these fibers expand, but the moment alkali in water comes in contact with wool fiber, these little scales interlock, the fiber draws up—and the fabric has "matted" and shrunk.

The sensitiveness of wool fiber to alkali and to rubbing, are the causes of shrinkage.

In the choice of your soap product, and in the way you handle woolens, lies the secret of safety, of complete success in laundering woolens.

Lux actually *won't shrink woolens*. It contains no free alkali; its thick, hot lather dissolves dirt without rubbing; its wonderfully pure, mild flakes leave woolens soft and fleecy, just as they were when new. So many other products have claimed that they won't shrink woolens, and you may have had so many woolen garments shrink until they were no longer

One important reason why you want your soap for fine laundering in flake form

Lux is made in flake form because in these tiny flakes is condensed more real cleansing value than is possible in any other form of soap.

The process by which Lux is made is used only for Lux—the very machinery which "flakes" the soap is patented and controlled by the manufacturers of Lux.

Lux contains more real soap than *five times* its weight in ordinary soaps, soap chips, or soap powders!

Lux is unequalled for—

Flannels
Sweaters
Blankets
Chinchilla coats

Babies' clothes
Knit leggings and mittens
Lace curtains
Fine laces

Fine linen
Colored tub dresses
Colored embroidery work
Silk and Crepe de chine waists
Chiffons

usable, that when we tell you that Lux positively won't shrink woolens, you find it difficult to believe. But will you not order one package and try it on some woolen article in your home? Use it the Lux way—with hot water. Think what it means to you to have at last found something which will wash woolens wonderfully!

Why silks turn yellow

Authorities on silk say that the action of *alkali* on silk makes it acquire a yellow color which cannot be washed out. Also that when an alkali is combined with hot water, it affects the silk fibers, breaking them down very easily. Lux contains no free alkali; gives a remarkable lather when used in moderately warm water; contains nothing which will affect silk. You can wash

speedy production of an excellent lather.

It is the modern form of soap—no shaving or chipping required. It makes an instant lather which dissolves dirt *without rubbing*. In fine laundering soap should never be rubbed directly on the article. Lux is such an advance over a cake of soap that once you have tried Lux, you will never again be satisfied with a cake of soap for anything but rough washing.

This is due to the fact that in *flake* form, Lux can be kept pure concentrated soap; in this form, there is no need for any air, any moisture, or any kind of "filler," which has no cleansing value. There is absolutely nothing but pure soap in each transparent flake. Lux can't injure anything that pure water alone won't injure.

These flakes melt the moment you throw them into hot water. They are so completely soluble that not the slightest trace of soap is left in the garment to yellow it.

Throw the flakes of Lux into hot water; whisk into a lather and instantly you will have just such a rich, creamy lather as you have always wanted.

for fine laces and lace curtains because no rubbing is required. A white lace Syrian scarf with silver in it, which had previously been sent to the cleaners, looked like new when washed with Lux, and saved me one dollar besides."—D. Fullerton, N. Y. City.

"Lux has greatly prolonged the life of my chambray and silk gloves. For washing blankets I consider it quite the most wonderful soap ever made. And I use it for unusual things which you wouldn't ever dare to try to wash with any other soap. For instance, I washed my silk lamp shades in the bath tub with Lux, and they came out in absolutely perfect condition, quite as good as the day they were bought. There is nothing like Lux."—Mrs. J. R. Barker, Cambridge, Mass.

"I used your Lux Soap for some very fine laces with better results than I could get from other preparations, using less soap, time and energy."—Mrs. P. Dreyer, 532 East 89th St., N. Y. City.

Now on sale at all grocery and department stores

The claims for Lux sound so remarkable, they have been made so often for other products when they were not really true, that you may not credit what we have told you about it. But will you not get just one ten cent package of Lux and make these tests yourself? If you are not entirely satisfied, your grocer has been instructed to return your money. Once you have actually seen Lux and used it yourself, we know you will tell other women that you have at last found the ideal soap product for all fine laundering.

LUX

Pure Essence of Soap In Flakes— For All Fine Laundering

LEVER BROS., CAMBRIDGE, MASS.

Gas, Gas, Indigestion, Sourness, Upset Stomach--Pape's Diapepsin

Instant Relief! Neutralizes stomach acids, stopping dyspepsia, heartburn, belching, distress. Read!

Time it! In five minutes your sour, acid stomach feels fine. No indigestion, heartburn, or belching of gas, or eructations of undigested food, no distension, bloating, foul breath or headache.

Pape's Diapepsin is noted for its speed in sweetening upset stomachs. It is the surest, quickest and most certain stomach antacid in the whole world and besides, it is harmless.

Millions of men and women now eat their favorite foods without fear—they know Pape's Diapepsin will save them from such misery.

Please, for your sake, get a large fifty-cent case of Pape's Diapepsin

from any drug store and put your stomach right. Don't keep on being miserable—life is too short—you are not here long, so make your stay agreeable. But what you like and enjoy it, without dread of acid fermentation in the stomach.

Pape's Diapepsin belongs in your home anyway. Should one of the family eat something which doesn't agree with them, or in case of an attack of indigestion, dyspepsia, gastritis or stomach derangement due to fermentation and acidity, at daytime or during the night, it is handy to give quickest, surest relief known.

Labori, Defender of Dreyfus, Passes Away

PARIS, March 15.—Fernando Labori, who was attorney for Captain Alfred Dreyfus, died yesterday after a long and painful illness.

Fernando Labori, long prominent at the Paris bar, sprang into international prominence as the result of his activities in the celebrated Dreyfus case in the late 90's. A conspicuous service in this connection was performed by him in behalf of Emile Zola, when the noted author was accused of libeling the French president and the French army in his defense of Captain Dreyfus. Later Maître Labori acted as the defender of Dreyfus at the treason trial at Rennes. He was attorney at various times in the cases of not-

Professor Is Accused in Dying Statement

ROANOKE, Va., March 15.—Stockton Heth Jr., who was found in the home of Professor Charles E. Vawter, of the Virginia Polytechnic Institute, Faculty at Blacksburg, early Tuesday morning, suffering from bullet wounds, died at a hospital here this morning. He is reported to have made a statement before he died, saying Professor Vawter fired the shots.

A few prominent Americans engaged in litigation in France and in numerous French cases of note, including the Caillaux case, in which he was counsel for Mme. Caillaux. He was born in Rheims in 1860.

JOHNSON PARDONS CHARLES L. GALE

Charles L. Gale, who was convicted of election frauds and sentenced to serve five years in San Quentin in October, 1913, was today pardoned by Governor Johnson. Gale was released on parole several months ago and the period of his sentence with deductions of credits had expired. He is now restored to full rights of citizenship.

Woman's Death Is Pronounced Natural

An autopsy, performed this morning by Dr. E. V. Tiffany, determined that Mrs. Olga Cora Lenz, wife of R. L. Lenz, secretary of the Theodore Glen Wine Company, had succumbed to fatty degeneration of the heart. Mrs. Lenz was found late yesterday, lying prostrate in the bedroom of their home, 697 Thirty-third street, with a bottle of cleaning fluid close at hand. She was dead.

Served With Papers in Divorce; Shoots

SEATTLE, Wash., March 15.—Frank Perry, sixty-two years old, shot and killed his wife, Anna Perry, at their home here soon after he had been served with papers in a divorce suit. He fired one bullet which went wild at the deputy sheriff, who served the papers, and then was slain by his stepson, Frank Wray.

When the papers were served on Perry, who was a German unable to read English, he left his home for a neighbor's to have them translated. When he had learned their import, he returned to the house, entered the room where his wife, his stepson and the deputy sheriff were seated and began the shooting.

TO HOLD BALL

Much interest is being manifested by the younger set of the east bay section in the St. Patrick dancing party to be held tomorrow night by the Grasshopper Club at the conservatory ballroom of the Pacific building.

With the expectations of making the event the biggest success in the history of the club elaborate preparations have been made by the committee in charge of the dance. More than 400 invitations have been sent out.

CARDS BEAT ST. IGNATIUS.

STANFORD UNIVERSITY, March 15.—Stanford's varsity nine shut out St. Ignatius, 4 to 0. Braden, Wilcox, Draper and Cowan scored for Stanford.

HANS WANTS BILL TO PUNISH VEGGS

SACRAMENTO, March 15.—Severe penalties would be imposed on burglars who pursue their operations with the aid of explosives under the provisions of a bill by Senator Hans which passed the upper house today. Sentences ranging from 25 to 40 years could be inflicted. Hans said the bankers of California desired the enactment of such a law.

The Assembly passed Ream's hides and brands measure, designed to stop cattle rustling. The bill provides that the hides of slaughtered cattle must be kept intact for fifteen days, in order that altered brands may be detected.
